Project Controls Group, Inc. (PCG) is headquartered in St. Louis, MO. Incorporated in 2003 by industry professionals Marvin Woods, CCE and Viola Pancratz, CCC, PCG is a certified Disadvantaged Business Enterprise (DBE) with various state, local, and government agencies, including SBA 8(a). Recognized for our ability to consistently deliver quality service on projects that are completed on schedule and within budget, we provide a complete range of professional services to the engineering and construction industries. PCG provides superior planning, analysis and controls services in the areas of cost estimating, project budgeting, cost reporting, project cost analysis and forecasting, critical path method scheduling, document controls, change management, contract administration, claims avoidance, claims analysis, negotiations, schedule analysis, earned value analysis, and project management.

Our only goal is to ensure the success of a project by minimizing risk throughout the lifetime of the project. We achieve this by focusing on helping clients track and measure program performance, maintain control of cost and schedule, and accurately predict the outcomes of projects and overall program as well as communicating status to project participants in a timely and effective manner.

The following represents an example of some of PCG's affiliations, contract types and awards:

The Principals

Marvin Woods, CCE

Viola Pancratz, CCC

Marvin Woods, CCE is a Certified Cost Engineer through the Association for the Advancement of Cost Engineering International. His multi-disciplined career spans over 26 years and includes work experience in aerospace/defense, environmental remediation, and transportation and construction management. He also is proficient in a wide variety of project management software programs and was an adjunct professor at Washington University in St. Louis instructing graduate level courses in cost estimating and cost engineering. He has also been a guest lecturer at Southern Illinois University in Edwardsville. In 2006, Marvin completed separate two year terms serving on the Board of Directors for the Association for the Advancement of Cost Engineering International while serving as Regional Director and later Vice President of Regions. In 2009, Marvin received the Charles V. Keane Award from AACE for Distinguished Service in the field of Project Controls.

Marvin is a graduate of the University of Missouri at Rolla receiving a BS in Engineering Management with an emphasis in Electrical Engineering. He received his MBA from Lindenwood University located in St. Charles, Missouri.

Viola Pancratz, CCC is a Certified Cost Consultant through the Association for the Advancement of Cost Engineering International. Viola began her career in the United States Air Force, ascending to the rank of Staff Sergeant – Base Administration. Her civilian experience spans over 21 years in program and construction management. She has extensive knowledge of project controls including cost control, scheduling, and document control. Viola is considered a subject matter expert in the use of Primavera Expedition and other project management control systems. Viola has also conducted presentations for organizations such as the Association for the Advancement of Cost Engineering, Primavera National User's Conference, and the American Society of Professional Engineers. In 2006, Viola completed her term as President of the St. Louis Section of the Association for the Advancement of Cost Engineering and is currently serving on the Section Board of Directors.
