

# Capability Statement

We have been a trusted advisor for over 20 years delivering proven results to our federal, state and local government clients — Galvan solves complex problems and delivers results by offering an exceptional team with insights, focus and commitment.

We specialize in management and performance improvement, tackling challenges in providing safe, decent and affordable housing across the nation, as well as IT modernization, compliance, and analytics through our IT and business management consulting services.

## Our Team

Our people set us apart. Our combined senior-level experience provides our company the foundational perspective to assure initiatives align with your organization's mission and objectives. We have achieved results through our strengths learned from experiences that include:

- Senior-level leadership experience at Federal, State and local governments, including HUD, Public Housing Authorities, SBA, and OMB.
- In-depth consulting experience as principals and managing directors at major global professional services firms and Fortune 500 corporations.
- Federal executive leadership positions as HUD Regional Administrator, SBA Deputy Administrator, Chief of Staff, COO, CFO, and CIO. Chair of the Chicago Federal Executive Board, SES, Members of the U.S. President's Management Council, Federal CIO and CFO councils.

## Areas of Expertise

### Housing and Business Management
