

Helping You Get Back To Life after a Disaster
with Emergency Response Restoration and
General Contractor Services

“At every step of the process we felt that Interstate listened to our concerns, responded always in a timely fashion, showed up when you said you would, and executed the job expediently and expertly.”

—*Deborah and Henry Lowenstein*

Interstate is an emergency response restoration and general contractor company specializing in repairing property affected by:

- Fire and Smoke Damage
- Water and Flood Damage
- Storm Damage
- Mold and Indoor Quality Concerns

800-622-6433

Emergency Response 24 Hours, 7 Days a Week

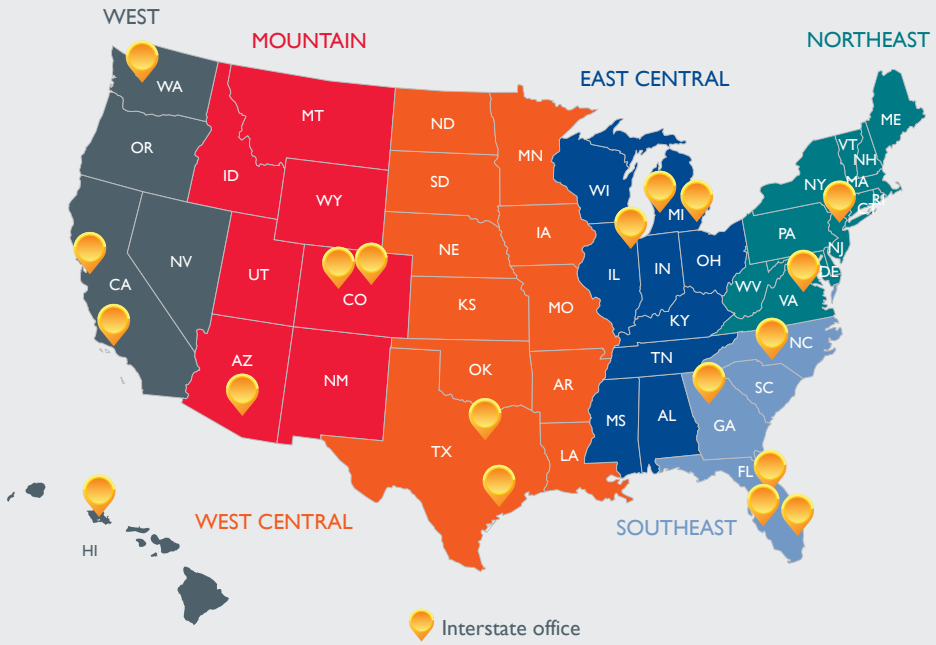

Rated as an AM Best Expert Service Provider by our clients for high-quality work and customer service

We make coping with a disaster more manageable by providing one place for all of your **emergency restoration, reconstruction, and property damage consulting** needs. This means you can focus on the important stuff—like getting back to life.

Most importantly, you can trust that we will always do a quality job every step of the way. You'll work with a team that:

- prides itself in being a trusted and ethical company whose core value is 'do the right thing' in every situation;
- believes in providing you exceptional communication and quality workmanship;
- has experience resolving complex issues and completes projects on time and within budget;
- handles your job with ease by working with your insurance provider.
