Miss Peck! I never cease to be amazed at your talent for staffing me with the right people to help me keep my business growing. Back in 2015 when you first started referring people to me, I told you that this was your calling. I am so glad you listened and went at this full speed. If it were not for you continuing to send me proper, and honest staff members, there would be no way I could staff these large contracts, and certainly no way I could keep growing at this rate. I thank you so much for your persistent attention to detail, in sending me the right fits for my contracts, especially honest persons that I can trust to work with me on residential cleaning jobs. I can't begin to tell you how important it is to have people you can trust in a client's home. Thanks again for helping me grow, and I certainly want you to continue your growth with me.
