 - Hazardous Wastes/Hazardous Materials (HW/HM)
 - Polychlorinated Biphenyls (PCBs)
- Indoor Air Quality (IAQ) Inspection, Testing, and Consulting
- Biohazard, Death, and Trauma Scene Clearance Testing
- Environmental Due Diligence
- Environmental Investigations
- Facility Services
- Hazardous Waste Management
- Hazardous/Nonhazardous Waste Transport, Recycling, and Disposal Services
- Environmental Regulatory Compliance Services and Health and Safety (H&S) Training for Asbestos, Lead, Water Intrusion and Mold, HW/HM, and IAQ
- Demolition and Remediation

Titan is Committed to Customer Satisfaction.

We thrive on providing value for our customers by identifying cost-effective solutions that save them money, while complying with the myriad of environmental laws and regulations regulating these substances.

Titan's Core Values—Integrity, Safety, Quality, Teamwork, and Performance Excellence.

Integrity and safety are crucial to the long-term health of our firm. TITAN will remain steadfast in its commitment to exceptional principles, safety standards, and quality performance. To achieve **quality**, there is no substitute for **leadership**. Our Founder and President, Robert Menald, his management team, and his certified and highly experienced staff play a central role in leading the improvement process. This leadership fuels **teamwork**. It creates expectations for **performance excellence**. It allows TITAN's field personnel to be satisfied with the quality of their workmanship before moving on to the next task. It reinforces their self-discipline to be true to themselves and do a job of which they can be proud. TITAN's inspectors use state-of-the-art technology to conduct assessments, while adhering to federal- and state-mandated procedures.

Titan Serves a Broad Client-base.

FEDERAL CLIENT-BASE

Federal, State, and Local Agencies. TITAN has provided environmental assessments, soil investigations, and remediation services to a broad spectrum of federal, state, and local agencies that are responsible for protecting the environment and/or the health of workers and the public. At TITAN, we work with federal, state, and local agencies to ensure that environmental health risks are recognized and managed. An abbreviated list of TITAN's clients include:

- Bureau of Land Management
- General Services Administration (GSA)
- California Department of Transportation (CalTrans)
- Chino Institution for Women
- Elsinore Valley Municipal Water District
- Los Angeles County Department of Health
- Los Angeles Department of Parks & Recreation
- City of Redlands Police Annex

Department of Defense (DoD). In addition to bringing a decade of experience, TITAN was recently recognized by the U.S. Small Business Administration (SBA) as an **8(a)-certified small disadvantaged business**. TITAN has a long relationship conducting environmental assessments and testing for many branches of the DoD in the United States and overseas. The following is an abbreviated list of TITAN's experience working at military installations and training facilities:

- March Air Reserve Base, CA
- Fort Irwin National Training Center, CA
- Point Mugu Naval Base-Naval Base Ventura, CA
- North Island Naval Air Station, San Diego, CA
- Marine Corps Logistics Base Barstow, CA
- Department of Veteran Affairs, Palo Alto, CA
- Department of Veteran Affairs, San Francisco, CA
- Kadena Air Base, Okinawa, Japan
- Marine Corps Base (MCB) Camp Courtney, Okinawa, Japan
- MCB Camp McTureous, Okinawa, Japan
- MCB Camp Kinser, Okinawa, Japan
- MCB Camp Foster, Okinawa, Japan
- MCB Camp Lester, Okinawa, Japan
