The scope may include related work for other properties managed by LMHA.

LMHA intends to pre-qualify a number of firms based on the proposals submitted, and to designate individual firms for individual assignments, based on the firm's abilities and a satisfactory fee negotiation.

Successful firms will enter into a pre-qualified pool of firms on an IQC basis for a period of one (1) year, with annual reviews, and possible renewals up to four (4) subsequent one-year periods.

SCOPE OF SERVICES TO BE PERFORMED

- B. Scopes of Work:
 - i. Geotechnical Investigation: Provide geotechnical investigation services and reports. Include all information necessary for design of building foundations; pavement design; site excavation; placement of fill; and building and site drainage requirements. Also provide recommendations for disposition of existing subsurface obstructions, and existing improvements to remain.
 - a. The Work consists of all supervision, labor, materials, equipment, transportation, verification of existing conditions, cutting and patching, removals, etc., as required to complete the Geotechnical Investigation, as indicated on the Drawings and in the Specifications.
 - 1) Minimum Geotechnical Investigation requirements are as follows:
 - i) The soils engineer shall contact the Owner and applicable utility companies to determine the locations of all underground structures, utilities, and equipment to avoid damage to existing facilities. Review existing records on previous land use where appropriate.
 - ii) Boring locations will typically be proposed by the project's structural engineer. The soils engineer is responsible for determining the final location, quantity, and depth of borings required to obtain sufficient

- data for their engineering analysis and recommendations.
- iii) Existing buildings on the site may be demolished and removed. Recommendations for disposition of existing footings, below grade walls and other subsurface improvements are required.
 - iv) The geotechnical investigation report shall include all information necessary for design of building foundations; pavement design; site excavation; placement of fill; and building and site drainage requirements. The report shall provide the following (minimum) information:
 - (a) Determination of the physical/engineering properties of the soils, through laboratory tests on recovered samples. Perform the following tests, as appropriate to site conditions:
 - (1) Unified Soil Classification Test (ASTM D2487).
 - (2) Classification of potential volumetric swell/shrinkage characteristics of cohesive soils by means of Atterberg Test (ASTM D4318).
 - (3) Unconfined Compressive Strength of Cohesive Soils (ASTM D 2166).

 - (c) Recommended bearing elevations, including local frost depth requirements.
 - (d) Information on ground water levels at the site. Provide recommendations for subsurface drainage systems during the construction process and for the completed structure.
 - (e) Previous Land-Use Survey - Review existing records and report on previous uses of the site which may impact the proposed new construction. Provide recommendations on the need for a detailed environmental study.
 - (f) Criteria for design of on-grade slabs. Provide K-value and sub-slab preparation recommendations.
 - (g) Provide backfill material and compaction criteria for all fill locations. Include recommendations for backfill to be placed below slabs, against foundation walls, around utility excavations, and at sitework and streets adjacent to the building.

- (h) Provide Seismic Site Class Definition, per OBC Table 1615.1.1.
 - (i) Include illustration of site plan indicating all test borings. Provide logs of materials found throughout the depth of borings.

GENERAL INFORMATION

Introduction

Lucas Metropolitan Housing Authority is a metropolitan housing authority organized and existing under the Ohio Revised Code Section 3735.27, et seq., and is governed by the U.S. Housing Act of 1937, as amended, and subject to regulation under Title 24 of the Code of Federal Regulation.

LMHA is governed by a five (5) person Board of Commissioners, appointed pursuant to the above - cited statute. The President and Chief Executive Officer controls the daily operations.

The mission of LMHA is that "Housing is vital to our past, present and future! We create quality housing opportunities and build communities through collaborative partnerships. While stimulating economic growth, we empower individuals and develop the neighborhoods of tomorrow for the people of today."

LMHA owns and manages approximately 2,760 public housing units and administers 4,391 federal Housing Choice rental assistance vouchers. The Housing Choice Voucher Program has achieved high performer status.

LMHA is committed to a goal of thirty-five percent of all contract funds being awarded to Minority Business Enterprises (MBE). The firms submitting proposals are encouraged to include MBE participation to the maximum extent possible.

Green Procurement

LMHA is committed to purchasing products and services that meet the local, state, and national environmental goals. Purchasing preference (whenever feasible) will be given to products that:

- Decrease greenhouse gas emissions or are made with renewable energy;
- Decrease the use of toxins detrimental to human health and to the environment;
- Contain the highest possible percentage of post-consumer recycled content (a finished material that would normally be thrown away as solid waste at the end of its life cycle, and does not include manufacturing or converting wastes);
- Limit air, land, and/or water pollution;
- Reduce the amount of waste they produce;
- Are reusable or contain reusable parts (rechargeable batteries, refillable pens, etc.); or
- Are multifunctional (i.e., scanner/copier/printers, multipurpose cleaners) and serve to decrease the total number of products purchased.

If feasible, preference will also be given to suppliers who offer environmentally preferable products, who work to exceed their environmental performance expectations, and who can show documentation of their supply-chain impacts.

LMHA hopes to engage producers and suppliers of products and services it uses to utilize business practices that reduce negative environmental impact.

OSHA Hazard Communication Standard

The Occupational Safety & Health Administration (OSHA) Hazard Communication Standard (29CFR 1910.1200) states that contractors/suppliers must be informed of the hazardous chemicals their employees may be exposed to while performing their work and any appropriate protective measures. In order to comply with this requirement, Lucas Metropolitan Housing Authority has developed a list of all the hazardous chemicals known to be present in our facility. A Safety Data Sheet (SDS) is also on file for each of the chemicals and / or hazardous substances. This information is available to you and to your employees upon request.

To protect the safety and health of our own employees, contractors/supplies must provide (upon request) a SDS on any hazardous chemical (s) or material (s) which they bring into the facility. Failure to provide this information in a timely manner will result in the removal of the contractor/supplier from the premises.

Each employer is also responsible for notifying any subcontractor they employ regarding the requirements of OSHA Hazard Communication Standard and other provisions described in this notice.

AFFH Compliance

The parties agree to affirmatively further fair housing. For purposes of the AFFH rule, the duty to “affirmatively further fair housing” means taking meaningful actions, in addition to combating discrimination, that overcome patterns of segregation and foster inclusive communities free from barriers that restrict access to opportunity based on protected characteristics.

Fees for these services will be a negotiation factor as well as any other relevant factor identified by the evaluation committee.

Initial Proposal Review

The review process will be conducted in two parts. The preliminary review will consist of a review to be sure the proposal meets the minimum requirements (and mandatory conditions) specified in the RFP. If they do not, they will be rejected.

Proposals in response to the RFP must meet the following requirements:

- **The proposal must be received electronically as indicated in the RFP no later than the time and date listed on the cover of this proposal.** Proposals not received at the designated address by the specified date may be rejected.
- Proposal signed by authorized vendor representative.

Proposals that pass this initial review will be considered a valid proposal and will move on to the final review. Those that do not will be filed as rejected.

Final Review

- All valid proposals will be reviewed by Procurement for compliance in returning the required forms, and information requested by the RFP.
- All valid proposals will be reviewed, evaluated, and rated by the Review Committee. The Review Committee will be composed of LMHA staff.
- The Review Committee will evaluate each proposal against the criteria in the RFP. During the review, the Committee may request additional information from the vendor. Such information requests and vendor's responses must always be in writing.
- All qualified proposals shall be reviewed by the Review Committee using the included evaluation criteria sheet. The number of evaluation points for each section varies according to the value assigned for that aspect of the program.

The Review Committee members may request information from sources other than the written proposal to evaluate vendor's programs. Other sources of information may include oral presentations by vendors, written responses to clarifying questions posed by the Review Committee, vendor's history/experience in providing similar services, and contacting the references that the vendor has provided.

Review Committee member rating sheets will be used to focus discussion. The final composite Evaluation Rating Sheet that includes the prioritized vendor's rankings will be maintained on file by LMHA. The result of the review process is a prioritized list from best to least.

Written notification will be made to all vendors who submitted a proposal. In awarding the contract, LMHA's evaluation will include, but will not be limited to:

- Criteria for the Stage 1 review;
- Strength and stability of the vendor to provide the requested services;
- Ability to meet the project/program time lines;
- Overall responsiveness and completeness of the proposal as well as the likelihood that, in LMHA's opinion and at LMHA's discretion, the proposal best meets or exceeds LMHA's specifications;
- Scope of service being proposed;
- Customer references;
- Cost of proposed service;
- Any other factors considered relevant by LMHA and demonstrated by the proposal or investigation by LMHA; and
- Experience with a similar project/program of comparable size and scope

Responsive proposers will be notified of their non-selection after the preferred vendor is notified. If the successful vendor fails to execute the contract, LMHA may award the contract to another vendor whose proposal met the requirements of the RFP and any addenda. The period of time within which such an award of the contract may be made shall be subject to the written agreement between LMHA and the vendor.

Contractor Selections

LMHA reserves the right to make an award based solely on the respondent or to negotiate further with one or more contractors. The contractor selected for the award will be chosen on the basis of the greatest benefit to the Authority, not necessarily on the basis of the lowest price.

EVALUATION CRITERIA

The selective process will involve the ranking of proposals by the appointed LMHA evaluation committee.

Evaluation criteria to be used in reviewing proposals and their respective weights are as follows:

General Evaluation Criteria Point Value (Total: 100 Points Maximum)

Max Value	FACTOR DESCRIPTION

Section 3 Requirements

Section 3 requirements apply to all projects and activities funded in whole or in part with covered funds. If any HUD funding is used for the project/activity, then the entire project budget is then subject to Section3 requirements.

Section 3 requirements do not apply to any agreement or contract for the purchase of supplies and materials only.

It is LMHA’s policy to achieve Section 3 goals by providing opportunities in one or more of the following areas:

A. Training and Employment Opportunities for Section 3 Residents

When the Section 3 regulation is triggered by the need for new hires, LMHA and its contractors and subcontractors will make every effort within their disposal to the greatest extent feasible to attempt to hire Section 3 residents amounting to at least 30% of the aggregate number of full-time new hires.

When hiring opportunities are offered and all requirements are met and remain equal, LMHA, contractors and subcontractors shall direct their efforts to hire Section 3 residents in the order of priority preference provided below:

1. Residents at the housing development where the work is being performed (Category 1 residents).

2. Residents of other LMHA public housing developments and holders of housing choice vouchers (Section 8 rent assistance) managed by LMHA (Category 2 residents).
3. Other Section 3 area residents (Category 4 residents).

B. Contracting Opportunities for Section 3 Business Concerns

When the Section 3 regulation is triggered by the need for subcontracting a portion of the work to another business, LMHA and its contractors and subcontractors will make every effort within their disposal to the greatest extent feasible to attempt to subcontract:

1. **Building Trades:** At least 10% of the total dollar amount of all Section 3 covered contracts or purchase orders for building trades work, maintenance, repair, modernization, or development of public housing to Section 3 business concerns.
2. **Other contracts (Non-building trades):** For other Section 3 covered contracts or purchase orders that are not building trades work covered above, the goal is to subcontract at least 3% of the total dollar amount to Section 3 business concerns. This includes professional service contracts such as legal, architects, engineers, consultants, or any other contract or purchase order for services that are not building trades.

Self-Certification of Section 3 Residents and Section 3 Business Concerns

To receive preference as a Section 3 resident or Section 3 business concern, the resident or business must self-certify that they meet the eligibility requirements. (see Section 3 Form #4 and Section 3 Form #2, respectively).

Contractor Responsibilities in meeting Section 3 goals

All contractors are held to the same Section 3 compliance requirements of LMHA as stated in its Section 3 policy. The LMHA Section 3 policy states that when the Section 3 regulation is triggered by a need for new hires or by a need to subcontract a portion of the work, every effort within the contractor's disposal must be made to the greatest extent feasible to direct all available employments, training, and contracting opportunities to Section 3 residents. Contractors must also proactively facilitate compliance with Section 3 subject to the definition of a Section 3 covered contract. Contractors will have fulfilled their responsibility when they can provide evidence that the following have occurred in the case of hiring, contracting, solicitation and recruitment effort:

1. Extra or greater efforts in notifying Section 3 residents of opportunities through posting job openings in the offices of procurement, in the local media and on the LMHA website;
2. Conveying that the hiring/contract work is a Section 3 Covered opportunity in any advertisement for bids / proposals by placing the following language in each advertisement/public notice and website "This job is covered under the requirements of Section 3 of the HUD Act of 1968".

3. Notifying subcontractors in each pre-bid meeting of the Section 3 requirements.
4. Providing "Section 3 Resident Self-Certification Forms" for employment at the contractor/subcontractor business offices.
5. Encouraging the training of Section 3 residents by the subcontractors.
6. Facilitating an opportunity or job fair for the contractor and subcontractor to meet interested Section 3 residents for possible employment.
7. Documenting actions taken to comply with Section 3 requirements including all results and impediments using the LMHA prescribed mechanism or form.
8. Posting all job sites funded by LMHA with a location or phone number of whom and how to apply for any opportunities for employment, training or contracting. The sign should be no smaller than a 24" x 24" and should specifically read "This project is covered under Section 3 of the HUD Act of 1968 which requires that any new opportunities be directed to low- and very low-income persons in the community. Please contact _____ at _____ for information on any Employments, Contracting and Subcontracting opportunities.
9. Distributing or posting flyers advertising positions to be filled.
10. Notify the local workforce development board about open positions.

Other Economic Opportunities to achieve Contractor Compliance

A contractor may provide one or more of the following "other economic opportunities" under this section:

1. Training and Employment: A detailed plan for training should be described in a written narrative and provided for LMHA review. Contractors seeking to provide training may identify a qualified training firm that has the proper experience working with low-income and public housing residents in particular. The contractor will procure the training/firm individual at its expense to provide direct recruitment and solicitation to LMHA residents for employment related training. Verification of the agreement between the contractor and training firm/individual must be provided to LMHA's Section 3 Compliance Coordinator.
2. Other Results-Oriented Economic Opportunities: Other Results -Oriented Economic Opportunities are programs designed to provide economic opportunities to Section 3 residents, including, but not limited to: Section 3 joint ventures, teaming agreements or combination of other economic opportunities. Economic Opportunities for Low- and Very Low-Income Persons (Section 3, HUD Act of 1968; 24 CFR 135)

(a) The work to be performed under this contract is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u (Section 3). The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted projects covered by Section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are recipients of HUD assistance for housing.

(b) The parties to this contract agree to comply with HUD's regulations in 24 CFR Part 135, which implement Section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the Part 135 regulations.

(c) The contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the contractor's commitments under this Section 3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the Section 3 preference, shall set forth minimum number and job titles subject to hire, availability of Section 3 apprenticeship and training positions, the qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

(d) The contractor agrees to include this Section 3 clause in every subcontract subject to compliance with regulations in 24 CFR Part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this Section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 CFR Part 135. The contractor will not subcontract with any subcontractor where the contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 CFR Part 135.

(e) The contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 CFR Part 135 require employment opportunities to be directed, were not filled to circumvent the contractor's obligations under 24 CFR Part 135.

(f) Noncompliance with HUD's regulations in 24 CFR Part 135 may result in sanctions, termination of this contract for default, and debarment or suspension from future HUD assisted contracts.

PART VI. OTHER REQUIREMENTS

Outreach Plan:

Check all methods you will employ to hire Section 3 residents. Posting the position in community sources that are generally available to low-income residents and the general public is a standard requirement.

Check at least three (3) other methods you will employ:

- The local community newspaper(s)
- The most widely distributed newspaper
- LMHA website
- LMHA properties management offices in a conspicuous location
- Homeless service agencies
- Local HUD-supported housing communities
- Local Workforce Board
- Other locations as approved by LMHA
- Email blast residents on LMHA Section 3 Resident List
- Post notices on social media controlled by LMHA

Documentation of “To the Greatest Extent Feasible”:

The contractor will work with LMHA Section 3 Coordinator and other designated staff to notify residents of any opportunities afforded under the contract. The contractor will collaborate with LMHA by giving preference of any employment opportunities to the Section 3 persons or business concerns.

The contractor and subcontractor(s) shall recruit or attempt to recruit from LMHA’s Section 3 area, based on the priority order in LMHA’s Section 3 Plan, the necessary number of low-income and very low-income residents through documentation of their efforts and of any impediments to comply. LMHA’s contractors and subcontractors shall:

1. Maintain a list of all low-income area residents who have applied, either on their own or from referral from any source, and employ such person if otherwise qualified and if a vacancy exists.
2. Review and consider the Section 3 Resident List provided by LMHA prior to making new hires. If those hired are not Section 3 residents, or are in a lower preference category, the Contractor must explain in writing the qualifications that those on Section 3 Resident List lacked, or other reason for non-hire (e.g., job offer declined).
3. Provide evidence that the contractor has not filled vacant employment positions in its workforce immediately prior to undertaking work in an attempt to circumvent Section 3 regulations.

Review and determine if low-income and very low-income residents meet minimum hiring qualifications. Applicants meeting such minimum qualifications, but not hired due to lack of job openings or for other operations reasons, will be placed on a priority-hiring list and offered positions upon the occurrence of the first available appropriate job opening.

Recordkeeping:

The contractor shall maintain on file all records related to employment and job training of low-income and very low-income residents or other such records, advertisements, legal notices, brochures, flyers, publications, assurances of compliance from subcontractors, etc., in connection with this contract. If there is a report that is needed as part of the submission, you agree to provide it timely. The contractor shall, upon request, provide such records or copies of records to LMHA, its staff, or agents.

Reports:

The contractor shall provide reports as required in connection with the contractor specifications. All certified and regular payrolls shall clearly detail which employees qualify under Section 3.

Certification:

The contractor will certify that any vacant employment positions, including training positions, that filled...

- (1) after the contractor is selected but before the contract is executed; and
- (2) with persons other than Section 3 residents

...were not filled to circumvent the subcontractor's obligations under 24 CFR Part 135.

Other Economic Opportunities:

If a contractor has demonstrated that it has no need or plans to subcontract or hire, and can demonstrate that it has attempted, to the greatest extent feasible, to hire/contract Section 3 residents and/or contractors, it has fully complied and may move forward and secure non-Section 3 persons or firms.

If a contractor does not trigger the requirements of Section 3 but chooses to offer other economic opportunities such as training, mentoring, or business development for Section 3 residents of LMHA, it may offer to do so in a thorough written plan to the Section 3 Coordinator. These opportunities must be described in a written plan on how the contractor will offer other economic opportunities expressing the outreach, number of persons to be affected, and outcomes.

A contractor that has a need to hire or sub-contract may not use other economic opportunities as a substitute to attempt to meet hiring or contracting goals; the contractor must still demonstrate how it attempted to the greatest extent feasible, to meet the goals.

Grievance and Compliance:

The contractor or sub-contractor hereby acknowledges that they understand that any low-income and very low-income resident of the project area, for him/her or as representatives of persons similarly situated, seeking employment or job training opportunities in the project area, or any eligible business concerns seeking contract opportunities may file a grievance if efforts to the greatest extent feasible were not executed. The grievance must be filed with HUD not later than one hundred eighty (180) calendar days from the date of the action (or omission) upon which the grievance is based.

SECTION 3 CONTRACT COMPLIANCE CURE AND TERMINATION PROCESSES (p. 6 of 7)

This language is a component of contract compliance with the work contractors and sub-contractors including developers respond to in LMHA solicitations. The full requirements are provided in the Section 3 Clause found elsewhere in this package or in the HUD forms 5370-C or 5370 C1 as may be applicable.

All contractors claiming a Preference in contracting by meeting any of the three Preference requirements including a Resident Owned Business, Hiring 30% of New Hires and/or Sub-contracting at least 25% of contract award to a Section 3 Concern shall maintain that status throughout the life of the contract. Failure to meet this requirement will result in penalties up to and including contract termination. Any contractor triggering the regulation by doing any hiring or contracting once they are awarded the contract through contract execution must comply with the Section 3 requirements by executing the efforts on their Certification and Action Plan in accordance with LMHA Section 3 Action Plan.

LMHA shall execute these remedies to achieve compliance in this order:

- A. Based on the first observation or report of non-compliance with Section 3, the contractor will be sent an e-mail from LMHA notifying them of their non-compliance issue. The contractor will have until the next payroll or 14 calendar days, whichever is lesser to bring the contract into compliance.
- B. If at any time a contractor fails to bring the contract into compliance, LMHA must withhold all future payments until the contract is in compliance.
- C. The contractor shall have up to 15 business days from the most recent notice of non-compliance to meet compliance as a final cure period or justify in writing to LMHA why it cannot meet compliance. LMHA must render a response to the contractor within 10 business days of receipt of its letter of reason for non-compliance. If LMHA deems the cause to be unacceptable, at its option, LMHA can extend the cause period one time for up to 5 days to allow the contractor to identify and secure other compliance options, or
- D. If the contractor fails to take any corrective action to bring the contract into compliance within seven (7) business days from the most recent notice of non-compliance, or LMHA does not accept any of the contractor's corrective plans or justifications for non-compliance, LMHA must terminate the contract immediately. **All funds due to the contractor shall be held** and a financial workout of the agreement shall proceed within 24 hours of termination. The workout is to include a contract deduct equal to the total Section 3 contract violation of opportunities provided to non-Section 3 residents or business because they were not offered according to the contract and regulation award. All remaining funds can be paid out based on work satisfactorily completed per the agreement.

Any contractor claiming to meet Section 3 compliance by committing to hire residents, fund training itself **shall meet compliance within seven (7) calendar days of contract start** or LMHA shall halt all payments to the contractor and its sub-contractors related to the agreement and the actions listed in steps A-D in this Section shall apply.

and Urban Development
Office of Public and Indian Housing

- 03291 -

1. Preparation of Offers

(a) Offerors are expected to examine the statement of work, the proposed contract terms and conditions, and all instructions. Failure to do so will be at the offeror's risk.

(b) Each offeror shall furnish the information required by the solicitation. The offeror shall sign the offer and print or type its name on the cover sheet and each continuation sheet on which it makes an entry. Erasures or other changes must be initialed by the person signing the offer. Offers signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the HA.

(c) Offers for services other than those specified will not be considered.

2. Submission of Offers

(a) Offers and modifications thereof shall be submitted in sealed envelopes or packages (1) addressed to the office specified in the solicitation, and (2) showing the time specified for receipt, the solicitation number, and the name and address of the offeror.

(b) Telegraphic offers will not be considered unless authorized by the solicitation; however, offers may be modified by written or telegraphic notice.

(c) Facsimile offers, modifications or withdrawals will not be considered unless authorized by the solicitation.

3. Amendments to Solicitations

(a) If this solicitation is amended, then all terms and conditions which are not modified remain unchanged.

(b) Offerors shall acknowledge receipt of any amendments to this solicitation by

- (1) signing and returning the amendment;
- (2) identifying the amendment number and date in the space provided for this purpose on the form for submitting an offer,
- (3) letter or telegram, or
- (4) facsimile, if facsimile offers are authorized in the solicitation. The HA/HUD must receive the acknowledgment by the time specified for receipt of offers.

4. Explanation to Prospective Offerors

Any prospective offeror desiring an explanation or interpretation of the solicitation, statement of work, etc., must request it in writing soon enough to allow a reply to reach all prospective offerors before the submission of their offers. Oral explanations or instructions given before the award of the contract will not be binding. Any information given to a prospective offeror concerning a solicitation will be furnished promptly to all other prospective offerors as an amendment of the solicitation, if that information is necessary in submitting offers or if the lack of it would be prejudicial to any other prospective offerors.

5. Responsibility of Prospective Contractor

(a) The HA shall award a contract only to a responsible prospective contractor who is able to perform successfully under the terms and conditions of the proposed contract. To be determined responsible, a prospective contractor must -

- (1) Have adequate financial resources to perform the contract, or the ability to obtain them;

- (2) Have a satisfactory performance record;
- (3) Have a satisfactory record of integrity and business ethics;
- (4) Have a satisfactory record of compliance with public policy (e.g., Equal Employment Opportunity); and
- (5) Not have been suspended, debarred, or otherwise determined to be ineligible for award of contracts by the Department of Housing and Urban Development or any other agency of the U.S. Government. Current lists of ineligible contractors are available for inspection at the HA/HUD.

(b) Before an offer is considered for award, the offeror may be requested by the HA to submit a statement or other documentation regarding any of the foregoing requirements. Failure by the offeror to provide such additional information may render the offeror ineligible for award.

6. Late Submissions, Modifications, and Withdrawal of Offers

(a) Any offer received at the place designated in the solicitation after the exact time specified for receipt will not be considered unless it is received before award is made and it -

- (1) Was sent by registered or certified mail not later than the fifth calendar day before the date specified for receipt of offers (e.g., an offer submitted in response to a solicitation requiring receipt of offers by the 20th of the month must have been mailed by the 15th);
- (2) Was sent by mail, or if authorized by the solicitation, was sent by telegram or via facsimile, and it is determined by the HA/ HUD that the late receipt was due solely to mishandling by the HA/ HUD after receipt at the HA;
- (3) Was sent by U.S. Postal Service Express Mail Next Day Service - Post Office to Addressee, not later than 5:00 p.m. at the place of mailing two working days prior to the date specified for receipt of proposals. The term "working days" excludes weekends and U.S. Federal holidays; or
- (4) Is the only offer received.

(b) Any modification of an offer, except a modification resulting from the HA's request for "best and final" offer (if this solicitation is a request for proposals), is subject to the same conditions as in subparagraphs (a)(1), (2), and (3) of this provision.

(c) A modification resulting from the HA's request for "best and final" offer received after the time and date specified in the request will not be considered unless received before award and the late receipt is due solely to mishandling by the HA after receipt at the HA.

(d) The only acceptable evidence to establish the date of mailing of a late offer, modification, or withdrawal sent either by registered or certified mail is the U.S. or Canadian Postal Service postmark both on the envelope or wrapper and on the original receipt from the U.S. or Canadian Postal Service. Both postmarks must show a legible date or the offer, modification, or withdrawal shall be processed as if mailed late. "Postmark" means a printed, stamped, or otherwise placed impression (exclusive of a postage meter machine impression) that is readily identifiable without further action as having been supplied and affixed by employees of the U.S. or Canadian Postal Service on the date of mailing. Therefore, offerors should request the postal clerk to place a hand cancellation bull's-eye postmark on both the receipt and the envelope or wrapper.

(e) The only acceptable evidence to establish the time of receipt at the HA is the time/date stamp of HA on the offer wrapper or other documentary evidence of receipt maintained by the HA.

(f) The only acceptable evidence to establish the date of mailing of a late offer, modification, or withdrawal sent by Express Mail Next Day Service-Post Office to Addressee is the date entered by the post office receiving clerk on the "Express Mail Next Day Service-Post Office to Addressee" label and the postmark on both the envelope or wrapper and on the original receipt from the U.S. Postal Service. "Postmark" has the same meaning as defined in paragraph (c) of this provision, excluding postmarks of the Canadian Postal Service. Therefore, offerors should request the postal clerk to place a legible hand cancellation bull's eye postmark on both the receipt and the envelope or wrapper.

(g) Notwithstanding paragraph (a) of this provision, a late modification of an otherwise successful offer that makes its terms more favorable to the HA will be considered at any time it is received and may be accepted.

(h) If this solicitation is a request for proposals, proposals may be withdrawn by written notice, or if authorized by this solicitation, by telegram (including mailgram) or facsimile machine transmission received at any time before award. Proposals may be withdrawn in person by a offeror or its authorized representative if the identity of the person requesting withdrawal is established and the person signs a receipt for the offer before award. If this solicitation is an invitation for bids, bids may be withdrawn at any time prior to bid opening.

7. Contract Award

(a) The HA will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the HA, cost or price and other factors, specified elsewhere in this solicitation, considered.

(b) The HA may

- (1) reject any or all offers if such action is in the HA's interest,
- (2) accept other than the lowest offer,
- (3) waive informalities and minor irregularities in offers received, and (4) award more than one contract for all or part of the requirements stated.

(c) If this solicitation is a request for proposals, the HA may award a contract on the basis of initial offers received, without discussions. Therefore, each initial offer should contain the offeror's best terms from a cost or price and technical standpoint.

(d) A written award or acceptance of offer mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer shall result in a binding contract without further action by either party. If this solicitation is a request for proposals, before the offer's specified expiration time, the HA may accept an offer, whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award. Negotiations conducted after receipt of an offer do not constitute a rejection or counteroffer by the HA.

(e) Neither financial data submitted with an offer, nor representations concerning facilities or financing, will form a part of the resulting contract.
