- Section 3 Self-Certification and Skills Data Form

### Overview and Instructions for Contractors

HACEP's Section 3 policy requires that when the **Section 3 regulation is triggered by a need for new hires (whether individual employees, contractors or sub-contractors)**, every effort within the contractor's disposal must be made to the greatest extent feasible to offer all available employment and contracting opportunities to its residents based on the tiers below. Only when the regulation is triggered by a contractor and they are unable to offer employment or contracting. The contractor may offer employment related training to the Section 3 residents.

#### I. Tiers for offering all opportunities to Section 3 Residents and Resident Owned Businesses

1. At the site where the work is being performed
2. At any other HACEP owned or managed property
3. Other HUD funded beneficiaries including Section 8 Voucher holders
4. Other low-income people in the HACEP service area

#### II. What is a Section 3 Business Concern and how do they receive Preference in contract award?

*A business that meets these certification definitions must receive Preference in contracting:*

1. Is 51% or more owned by Section 3 residents;
2. Employs Section 3 residents for at least 30% of its full-time, permanent staff; or (**During the entire life of the contract**)
3. Provides evidence of a commitment to subcontract to Section 3 business concerns, 25% or more of the dollar amount of the awarded contract.

- YOU MUST MAINTAIN THOSE PREFERENCE LEVELS DURING THE ENTIRE CONTRACT OR RISK HAVING THE CONTRACT TERMINATED FOR FAILURE TO COMPLY

### **III. Other Methods of Compliance**

Contractors can provide an array of trainings to Section 3 residents that are employment related, skills enhancing or employment readiness in nature. Here are the methods of achieving compliance through training. Training and other employment opportunities must receive prior approval from HACEP.

1. Contractor must develop a solid professional curriculum and it must be pre-approved by HACEP.
2. Contractor may identify a person or persons that are qualified to provide the training within their staff.
3. Contractors can partner with other groups that provide the desired training and pay them directly for the service.
4. The contractor can sub-contract the Section 3 compliance training to an outside firm specializing in training and educational programs to Section 3 residents.

### **IV. All Contracts and All Contractors must meet Section 3 compliance by:**

**Step 1** Give notice of any and all opportunities for employment and contracting to HACEP residents and other low and very low-income area residents and businesses by posting the position (s) in community sources that are generally available to low income residents and the general-public.

- (1) Local community newspapers
- (2) Widely distributed newspapers
- (3) Company agency website
- (4) HACEP communities and HACEP website
- (5) Upper Rio Grande Workforce Solutions
- (6) Other locations as approved by HACEP

**Step 2** Hiring notices should clearly state the requirements for applying and achieving the opportunity and that the position is a “Section 3” covered position under the HUD Act of 1968.

**Step 3** Utilize the Section 3 Clause in RFB’s, RFP’, RFQ’s, etc., contracts and subcontracts.

**Step 4** Hold informational meetings when possible prior to requesting bids or taking applications so the residents or businesses are encouraged to apply for the employment or contracting.

**Step 5** Provide preference in hiring and contracting to Section 3 applicants and contractors when all factors are equal for the opportunity, including price and salary requests.

The notice shall describe the section 3 preference, shall set forth minimum number and job titles subject to hire, availability of Section 3 apprenticeship and training positions, the qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

(d) The contractor agrees to include this section 3 clause in every subcontract subject to compliance with regulations in 24 CFR Part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 CFR Part 135. The contractor will not subcontract with any subcontractor where the contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 CFR Part 135.

(e) The contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 CFR Part 135 require employment opportunities to be directed, were not filled to circumvent the contractor's obligations under 24 CFR Part 135.

"Postmark" means a printed, stamped, or otherwise placed impression (exclusive of a postage meter machine impression) that is readily identifiable without further action as having been supplied and affixed by employees of the U.S. or Canadian Postal Service on the date of mailing. Therefore, offerors should request the postal clerk to place a hand cancellation bull's-eye postmark on both the receipt and the envelope or wrapper.

(e) The only acceptable evidence to establish the time of receipt at the HA is the time/date stamp of HA on the offer wrapper or other documentary evidence of receipt maintained by the HA.

(b) The HA may

- (1) reject any or all offers if such action is in the HA's interest,
- (2) accept other than the lowest offer,
- (3) waive informalities and minor irregularities in offers received, and (4) award more than one contract for all or part of the requirements stated.

(c) If this solicitation is a request for proposals, the HA may award a contract on the basis of initial offers received, without discussions. Therefore, each initial offer should contain the offeror's best terms from a cost or price and technical standpoint.

(d) A written award or acceptance of offer mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer shall result in a binding contract without further action by either party. If this solicitation is a request for proposals, before the offer's specified expiration time, the HA may accept an offer, whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award. Negotiations conducted after receipt of an offer do not constitute a rejection or counteroffer by the HA.

(e) Neither financial data submitted with an offer, nor representations concerning facilities or financing, will form a part of the resulting contract.

#### 8. Service of Protest

Any protest against the award of a contract pursuant to this solicitation shall be served on the HA by obtaining written and dated acknowledgment of receipt from the HA at the address shown on the cover of this solicitation. The determination of the HA with regard to such protest or to proceed to award notwithstanding such protest shall be final unless appealed by the protestor.

The proposal shall show **the hour and date specified in the solicitation for receipt, the solicitation number, and the name and address of the offeror, on the face of the envelope.**

It is very important that the offer be properly identified on the face of the envelope as set forth above in order to insure that the date and time of receipt is stamped on the face of the offer envelope. Receiving procedures are: date and time stamp those envelopes identified as proposals and deliver them immediately to the appropriate contracting official, and only date stamp those envelopes which do not contain identification of the contents and deliver them to the appropriate procuring activity only through the routine mail delivery procedure.

**Housing Authority of the City of El Paso**

**Electronic Signature Procedures**

**I. Basis for these Procedures**

To facilitate the use of electronic signatures to enhance electronic transactions consistent with applicable law; to be consistent with reasonable practices concerning electronic transactions and the continued expansion of those practices; and to effectuate its general purpose to make uniform the law with respect to the states enacting it [§322.006 Texas Business and Commerce Code].

Legal Authority:

**Federal Law**

Notwithstanding any statute, regulation, or other rule of law, with respect to any transaction in or affecting interstate or foreign commerce –

1. a signature, contract, or other record relating to such transaction may not be denied legal effect, validity or enforceability solely because it is in electronic form, and
2. a contract relating to such transaction may not be denied legal effect, validity, or enforceability solely because an electronic signature or electronic record was used in its formation. [15 USCS § 7001 (a)]

**Texas Law**

- (a) A record or signature may not be denied legal effect or enforceability solely because it is in electronic form.
- (b) A contract may not be denied legal effect or enforceability solely because an electronic record was used in its formation.
- (c) If a law requires a record to be in writing, an electronic record satisfies the law.
- (d) If a law requires a signature, an electronic signature satisfies the law. [§322.007 Tex. Bus. & Com Code]

**Exemption to Preemption by Federal Electronic Signatures Act**

Because Texas adopted a Uniform Electronic Transactions Act (UETA), Texas Law modifies, limits, or supersedes the provisions of the Electronic Signatures in Global and National Commerce Act as authorized by Section 102 of that Act. An electronic signature will be legally recognized under federal and Texas state law if the signature methods conform to the methods in this policy. [§ 322.019]

**Exceptions**

Electronic records and electronic signatures relating to a transaction do not apply to a transaction to the extent it is governed by:

- (1) wills, codicils, or testamentary trusts; or
- (2) the Uniform Commercial Code, other than Chapters 2 (Sales) and 2A(Leases).[§ 322.003].

**Electronic Signatures Not Mandated**

These procedures do not mandate the use of electronic signature. A vendor that agrees to conduct a transaction by electronic means may refuse to conduct other transactions by electronic means. Prior to entering into any transaction by electronic means such as a contract, agreement, or purchase order, a vendor shall execute an AGREEMENT TO CONTRACT ELECTRONICALLY. [§ 322.005]

**Venue**

Any and all issues pertaining to a transaction by electronic means will be governed and construed according to the laws of the State of Texas. Venue for any legal proceedings shall be in El Paso County Texas.

**II. Definitions**

1. "Agreement" means the bargain of the parties in fact, as found in their language or inferred from other circumstances and from rules, regulations, and procedures given the effect of agreements under laws otherwise applicable to a particular transaction.
2. "Automated transaction" means a transaction conducted or performed, in whole or in part, by electronic means or electronic records, in which the acts or records of one or both parties are not reviewed by an individual in the ordinary course in forming a contact, performing under and existing contact, or fulfilling an obligation required by the transaction.
3. "Computer program" means a set of statements or instructions to be used directly or indirectly in an information processing system in order to bring about a certain result.

10. "Information" means data, text, images, sounds, codes, computer programs, software, databases or the like.
11. "Information processing system" means an electronic system for creating, generating, sending, receiving, storing, displaying, or processing information.
12. "Record" means information that is inscribed on a tangible medium and is retrievable in perceivable form.
13. The term includes a procedure that requires the use of algorithms or other codes, identifying words or numbers, encryption, or callback or other acknowledgment procedures.
14. "State" means a state of the United States, the District of Columbia, Puerto Rico, the United States Virgin Islands, or any territory or insular possession subject to the jurisdiction of the United States. The term includes an Indian tribe or band, or Alaskan native village, which is recognized by federal law or formally acknowledged by a state.
15. "Transaction" means an action or set of actions occurring between two or more persons relating to the conduct of business, commercial, or governmental affairs. [§ 322.002]
16. "Notarization and Acknowledgment" means if a law requires a signature or record to be notarized, acknowledged, verified, or made under oath, the requirement is satisfied if the electronic signature of the person authorized to perform those acts, together with all other information required to be included by other applicable law, is attached to or logically associated with the signature or record. [322.011]
17. "Use of Electronic Records and Electronic Signatures" means this policy applies only to transactions between parties each of which has agreed to conduct transactions by electronic means. Whether the parties agree to conduct a transaction by electronic means is determined from the context and surrounding circumstances, including the parties' conduct. A party that agrees to conduct a transaction by electronic

means may refuse to conduct other transactions by electronic means. The right granted by this subsection may not be waived by agreement.

**III. Practical Considerations**

**Time and Place of Sending:**

- (a) Unless otherwise agreed between the sender and the recipient, an electronic record is **sent** when it:
1. is addressed properly or otherwise directed properly to an information processing system that the recipient has designated or uses for the purpose of receiving electronic records or information of the type sent and from which the recipient is able to retrieve the electronic record;
  2. is in a form capable of being processed by that system; and
  3. enters an information processing system outside the control of the sender or of a person that sent the electronic record on behalf of the sender or enters a region of the information processing system designated or used by the recipient which is under the control of the recipient.

**Time and Place of Receiving**

- (b) Unless otherwise agreed between the sender and the recipient, an electronic record is **received** when:
1. it enters an information processing system that the recipient has designated or uses for the purpose of receiving electronic records or information of the type sent and from which the recipient is able to retrieve the electronic record; and
  2. it is in a form capable of being processed by that system.
- (c) Subsection (b) applies even if the place the information processing system is located is different from the place the electronic record is deemed to be received under subsection (d).
- (d) Unless otherwise expressly provided in the electronic record or agreed between the sender and the recipient, an electronic record is deemed to be sent from the sender's place of business and to be received at the recipient's place of business. For purposes of this subsection, the following rules apply:
1. if the sender or the recipient has more than one place of business, the place of business of that person is the place having the closest relationship to the underlying transaction; and
  2. if the sender or the recipient does not have a place of business, the place of business is the sender's or the recipient's residence, as the case may be.
- (e) An electronic record is received under Subsection (b) even if no individual is aware of its receipt.
- (f) Receipt of an electronic acknowledgement from an information processing system described in Subsection (b) establishes that a record was received but, by itself, does not establish that the content sent corresponds to the content received.
- (g) If a person is aware that an electronic record purportedly sent under Subsection (a), or purportedly received under Subsection (b), was not actually sent or received, the legal effect of the sending or receipt is determined by other applicable law. Except to the extent permitted by the other law, the requirements of this subsection may not be varied by agreement. [§ 322.015]

**Provision of Information in Writing:**

If parties have agreed to conduct a transaction by electronic means and a law requires a person to provide, send, or deliver information in writing to another person, the requirement is satisfied if the information is provided, sent, or delivered, as the case may be, in an electronic record capable of retention by the recipient at the time of receipt. An electronic record is not capable of retention by the recipient if the sender or its information processing system inhibits the ability of the recipient to print or store the electronic record. [§322.008]

**Security:**

**Effect of Change or Error**

- (a) If a change or error in an electronic record occurs in a transmission between parties to a transaction, the rule provided by this section apply.

- (b) If the parties have agreed to use a security procedure to detect changes or errors and one party has conformed to the procedure, but the other party has not, and the nonconforming party would have detected the change or error had the party also conformed, the conforming party may avoid the effect of the changed or erroneous electronic record. [§322.010]

#### **Record Retention:**

##### Retention of Electronic Records; Originals

HACEP records are governed by the Local Government Records Act of Chapters 201, 204, and 205 of the Texas Local Government Code, as well as the Texas State Library and Archives Commission under Section 441.158 of the Texas Government Code with regard to the retention schedules. As such, it is imperative that all records generated pursuant to these electronic signature policies and procedures be maintained and retained in accordance with the Texas State Library and Archives Commission-Retention Schedule for Records Common to All Local Governments.

- (a) The record retention requirement is satisfied by retaining an electronic record of the information in the record which:
1. accurately reflects the information set forth in the record after it was first generated in its final form as an electronic record or otherwise; and
  2. remains accessible for later reference.
- (b) A requirement to retain a record in accordance with Subsection (a) does not apply to any information the sole purpose of which is to enable the record to be sent, communicated, or received.
- (c) A person may satisfy Subsection (a) by using the services of another person if the requirements of that section are satisfied.
- (d) If a law requires a record to be presented or retained in its original form or provides consequences if the record is not presented or retained in its original form, the law is satisfied by an electronic record retained in accordance with Subsection (a).
- (e) If a law requires retention of a check, that requirement is satisfied by retention of an electronic record of the information on the front and back of the check in accordance with Subsection (a).
- (f) A record retained as an electronic record in accordance with Subsection (a) satisfies a law requiring a person to retain a record for evidentiary, audit, or like purposes, unless a law enacted after January 1, 2002, specifically prohibits the use of an electronic record for the specified purpose.
- (g) This section does not preclude HACEP from specifying additional requirements for the retention of a record subject to the agency's jurisdiction.

#### **IV. Basic Procedures**

- (a) When a contract or contract modification has been created, the Procurement staff member shall convert said document into a PDF file.
- (b) The Procurement staff members shall upload the PDF document into the DocuSign website. The URL is <https://www.docusign.com/>.
- (c) The Procurement staff member shall identify all signing places on the document in the DocuSign website.
- (d) The Procurement staff member shall enter the email address of all parties that are required to sign the documents.
- (e) Each successive signature will cause DocuSign.com to email the next signer. Once the final signature is performed (by the HACEP Chief Executive Officer, designated as the Contracting Officer), all signers will receive a copy of the signed document.

#### **V. Security**

- (a) HACEP's email servers are SSL certified, which provides a high level of security. DocuSign's encryption features and private SSL 256 bit viewing session is standard, which is compatible to HACEP's new security standards. According to the DocuSign website, their service also features disaster recovery and third-party penetration testing.
- (b) Personal Identification Number (PIN) or password: The CEO accessing the DocuSign website is requested to enter a "shared" personal identification number (called "shared" because it is known both to the user and to the creator of the document). When the CEO clicks on the URL derived from a secure email, he also enters a PIN. The system checks that PIN against data in a database

---

to ensure its correctness and thereby “authenticates” the user. If the authentication process is performed over an open network such as the Internet, it is usually essential that at least the shared secret be encrypted. This task can be accomplished by using technology called Secure Sockets Layer (SSL), which uses a combination of public key technology and symmetric cryptography to automatically encrypt information as it is sent over the Internet by the user and decrypt it before it is read by the intended recipient. SSL currently is built into the HACEP email system. In such a fashion that its use is transparent to the end user. Assuming the password is protected during transmission, as described above, impersonating the user requires obtaining the user’s password. This may be relatively easy if users do not follow appropriate guidelines for password creation and use. HACEP shall establish adequate guidelines for password creation and protection.

- C) The PIN shall be provided to the Procurement Department for future use. The method for providing the PIN shall be in person so as to effect different communication routes.
