

Housing Authority of Cook County
MULTI PROJECT LABOR AGREEMENT

This Multi Project Labor Agreement ("Agreement") is entered into by and between the Housing Authority of Cook County ("Owner"), on behalf of itself and each of its contractors and subcontractors of whatsoever tier ("Subcontractors") performing Construction Work on any Projects (as those terms are defined below) to which this Agreement shall be applicable, and each of the undersigned labor organizations affiliated with the Chicago and Cook County Building & Construction Trades Council, AFL-CIO Building and Construction Trades Department ("Union" or "Unions").

WHEREAS, Owner is responsible for construction, demolition, rehabilitation, maintenance and/or renovation work ("Construction Work," including all tenant improvements) on certain real property located in Cook County, Illinois and identified in Appendix A ("Projects"). Due to the size, scope, cost and duration of the multitude of Projects, the parties to this Agreement have determined that it is in their interest to have these Projects completed in the most timely, productive, economical and orderly manner possible, and without labor disruptions of any kind that might interfere with, or delay, any of said Projects;

WHEREAS, the parties have determined that it is desirable to eliminate the potential for friction and disruption of these Projects by using their best efforts and ensuring that all Construction Work is performed by the Unions signatory hereto and which have traditionally performed and have trade and geographic jurisdiction over such work. Experience has proven the value of such cooperation, and that such mutual undertakings should be maintained, and if possible, strengthened, and that the ultimate beneficiary remains the Owner; and

WHEREAS, the Owner acknowledges that it has a serious and ongoing concern regarding labor relations associated with the Projects, irrespective of the existence of a collective bargaining relationship with any of the signatory Unions.

NOW THEREFORE, in order to further these goals and objectives and to maintain the spirit of harmony, labor-management cooperation, and stability, the parties agree as follows:

1. During the Term of this Agreement, Owner shall not contract or subcontract, nor permit any other person, firm, company, or entity to contract or subcontract, any Construction Work on any Project covered under this Agreement or within the trade jurisdiction of the signatory Unions, to be performed at a Project construction site or off site solely for installation at the site provided such a provision is in the collective bargaining agreement, unless such work is performed only by a person, firm, company or entity signatory, or willing to become signatory, to the applicable area-wide collective bargaining agreement(s) with the Union(s) or the appropriate trade/craft union(s) or subordinate body or affiliate of the Chicago & Cook County Building & Construction Trades Council ("Council"). Copies of all such current collective bargaining agreements constitute Appendix B of this Agreement, attached hereto and made an integral part hereof, and as may be modified from time to time during the Term of this Agreement. Said provisions of this Agreement shall be included in all Requests for Bids and/or Proposals and shall be explicitly included in all contracts or subcontracts of whatsoever tier by all Subcontractors on any Project.
2. With respect to a Subcontractor who is a successful bidder on a Project, but is not signatory to the applicable collective bargaining agreement, the collective bargaining agreement(s) executed by said bidder shall be the relevant area-wide agreement(s) regulating or governing wages, hours and other terms and conditions of employment.

3. During the Term of this Agreement, Owner and Subcontractors shall engage in no lockout at the Project site.
4. During the Term of this Agreement, no Union signatory hereto, nor any of its members, officers, stewards, agents, representatives, or employees, shall instigate, authorize, support, sanction, maintain, or participate in any strike, walkout, work stoppage, work slowdown, work curtailment, cessation or interruption of production, or in any picketing of a Project site for any reason whatsoever, including but not limited to the expiration of any of the collective bargaining agreements referred to in Appendix B. In the event of an economic strike or other job action upon the termination of an existing collective bargaining agreement, in no event shall any adverse job action be directed against any Project site. Rather, all provisions of the subsequently negotiated collective bargaining agreement shall be retroactive for all employees working at a Project site, provided such a provision for retroactivity is contained in the newly negotiated collective bargaining agreement.
5. Each Union signatory hereto agrees that it will use its best efforts to prevent any of the acts forbidden in Paragraph 4, and that in the event any such act takes place or is engaged in by any employee or group of employees, each Union signatory hereto further agrees that it will use its best efforts (including its full disciplinary power under its Constitution and/or By-Laws) to cause an immediate cessation thereof.
6. Any Subcontractor signatory or otherwise bound, stipulated, or required to abide by and to any provisions of this Agreement shall have the right to discharge or discipline any employee who violates the provisions of this Agreement. Such discharge or discipline by a Subcontractor shall be subject to the Grievance/Arbitration procedure of the applicable collective bargaining agreement only as to the fact of such employee's violation of this Agreement. If such fact is established, the penalty imposed shall not be disturbed. Construction Work at any Project site shall continue without disruption or hindrance of any kind during any Grievance/Arbitration procedure.
7. The parties expressly authorize a court of competent jurisdiction to order appropriate injunctive relief to restrain any violation of this Agreement, and any form of self-help remedy is expressly forbidden. Nothing in the foregoing shall restrict any party to otherwise judicially enforce any provision of its collective bargaining agreement between any labor organization and a contractor with whom it has a collective bargaining relationship.
8. The term of this Agreement ("Term") shall be for a period of 2 years and shall be automatically extended from year to year unless the Owner or the Council issues a written notice to terminate no less than ninety (90) days in advance of any expiration.
9. In the event a dispute shall arise between any Subcontractor and any signatory Union and/or fringe benefit fund established under any of the appropriate collective bargaining agreements as to the obligation and/or payment of fringe benefit contributions and/or wages provided under the collective bargaining agreement, upon proper notice to Owner and the relevant Subcontractor by the applicable Union or fringe benefit fund and to the general contractor, an amount sufficient to satisfy the amount claimed shall be withheld from the Subcontractor's regularly scheduled periodic payment from the Owner or general contractor, or their agents, until such time as said claim is resolved.

10. In the event of a jurisdictional dispute by and between any Unions signatory hereto, such Unions shall take all steps necessary to promptly resolve the dispute. In the event of a dispute relating to trade or work jurisdiction, all parties, including employers and Subcontractors, agree that a final and binding resolution of the dispute shall be resolved as follows:
 - a.) Representatives of the affected Unions shall meet on the job site or mutually agreed location within forty-eight (48) hours after receiving notice in an effort to resolve the dispute. (In the event there is a dispute between local unions affiliated with the same International Union, the decision of the General President, or his/her designee, as the internal jurisdictional authority of that International Union, shall constitute a final and binding decision and determination as to the jurisdiction of work.)
 - b.) If no settlement agreement is reached during the proceedings contemplated by Paragraph "a" above, the matter shall be immediately referred to the Joint Conference Board, established by the Standard Agreement between the Construction Employers' Association and the Chicago & Cook County Building & Construction Trades Council, which may be amended from time to time, for final and binding resolution of said dispute. Said Standard Agreement is attached hereto as Appendix C and specifically incorporated into this Agreement.
11. This Agreement shall be incorporated into and become part of the collective bargaining agreements between the Unions signatory hereto and Subcontractors. In the event of any inconsistency between this Agreement and any collective bargaining agreement, the terms of this Agreement shall supersede and prevail except for all work performed under the NTD Articles of Agreement, the National Stack/Chimney Agreement, the National Cooling Tower Agreement, all instrument calibration work and loop checking shall be performed under the terms of the UA/IBEW Joint National Agreement for instrument and Control Systems Technicians, and the National Agreement of the International Union of Elevator Constructors with the exception of the content and subject matter of Articles V, VI and VII of the AFL-CIO's Building & Construction Trades Department model Project Labor Agreement.
12. The parties agree that in the implementation and administration of this Agreement, it is vitally necessary to maintain effective and immediate communication so as to minimize the potential of labor relations disputes arising out of this Agreement. To that end, each party hereto agrees to designate, in writing, a representative to whom problems can be directed which may arise during the Term of this Agreement. Within forty-eight (48) hours after notice of the existence of any problem, representatives of each party shall meet to discuss and, where possible, resolve such problems. The representative of the signatory Unions shall be Ralph Affrunti, or his designee, President of the Chicago & Cook County Building & Construction Trades Council. The representative of Owner shall be Richard J Monocchio, Executive Director. Owner shall further identify a representative of a general contractor for each Project who shall also be available for such meetings and as a point of contact under this Agreement.
13. If any provision, section, subsection or other portion of this Agreement shall be determined by any court of competent jurisdiction to be invalid, illegal, or unenforceable in whole or in part, and such determination shall become final, such provision or portion shall be deemed to be severed or limited, but only to the extent required to render the remaining provisions and portions of this Agreement enforceable. This Agreement, as thus amended,

shall be enforced so as to give effect to the intention of the parties insofar as that is possible. In addition, the parties hereby expressly empower a court of competent jurisdiction to modify any term or provision of this Agreement to the extent necessary to comply with existing law and to enforce this Agreement as modified.

14. Owner, on behalf of itself and its Subcontractors, agrees that the applicable substance abuse policy (i.e., drug, alcohol, etc.) applicable to the employees working on any Project shall be that as contained, or otherwise provided for, in the applicable area-wide collective bargaining agreements attached at Appendix B to this Agreement. Nothing in the foregoing shall limit the Owner and/or a Subcontractor from instituting its own substance abuse policy governing other employees performing work on a project not otherwise covered under this Agreement. In the event there is no substance abuse policy in the applicable collective bargaining agreement, the policy adopted by the Owner and/or a Subcontractor may apply.
 15. The parties agree that, in addition to the wages and fringe benefits contained in the attached collective bargaining agreements, Owner, on behalf of all Subcontractors who become signatory to the Agreement, shall pay a one-time total amount of Five Thousand Dollars (\$5000.00) to the Chicago & Cook County Construction Industry Labor-Management Cooperation Committee Trust ("The Trust"). In addition to the statutory purposes set forth in the Labor-Management Cooperation Committee Act of 1978 (29 U.S.C. Section 175a) and the Congressional Statement of Purposes set forth in Section 6(b) of Public Law 95-524, the activities of the Trust shall include the dispute resolution mechanics as provided herein. Payment shall be made within three days of the execution of this Agreement.
- Complimentary with the purposes of the Trust, the parties recognized desire to facilitate the entry into the building and construction trades of veterans who are interested in careers in the building and construction industry. The parties agree that the Council and Unions shall utilize the services of the Center for Military Recruitment, Assessment and Veterans Employment (hereinafter referred to as the "Center") and the Center's "Helmets to Hardhats" program to service as a resource for preliminary orientation, assessment of construction aptitude, referral to apprenticeship programs or hiring halls, counseling and mentoring, support network, employment opportunities and other needs as identified by the parties. The parties also agree that the Council and Unions shall coordinate with the Center to create and maintain an integrated database of veterans interested in working on Projects and of apprenticeship and employment opportunities for Projects. To the extent permitted by law, the Council and Unions will give appropriate credit to such veterans for bona fide, provable past experiences, in the building and construction industry.
16. The parties agree that the administration of this Agreement is an integral element of the achievement of the goals and the objectives of the Agreement. They further agree that effective and immediate communication between and among the parties is vitally necessary to minimize the potential for disputes and their escalation. To that end, the Council and general contractor shall meet no less than quarterly to review and discuss the status of a Project, and any problems or disputes that have arisen which could potentially result in a grievance.
 17. The Council requires that a Pre-Job Conference be conducted with all Subcontractors and all applicable Unions prior to the commencement of Construction Work on a Project.

18. Authorized representatives of the Council and Unions shall have access to every Project, provided that they first notify the general contractor of their arrival, that they do not interfere with the work of the employees, and provided further that such representatives fully comply with the visitor and security rules established for a Project by the general contractor.
19. In addition to the provisions of Paragraph 10(b) for minimizing the potential for disputes, the Council agrees to work with all parties to provide and maintain harmonious labor relations during the Term of the Agreement. The parties agree and accept that the Council does not have the legal ability or authority to bind its affiliates, nor does it have the authority to modify the terms and conditions of any collective bargaining agreement.
20. This document with each of the attachments, including Appendices A through D, constitutes the entire agreement of the parties and may not be modified or changed except by the subsequent written agreement of the parties.
21. All parties represent that they have full legal authority to enter into this Agreement.

APPENDIX B

AREA-WIDE COLLECTIVE BARGAINING AGREEMENT(S)

(Please note: Each Area Wide Collective Bargaining Agreement for our affiliated Labor Organizations will be provided once the Labor Organization signs the PLA.)

The following agreements have been previously submitted electronically:

- MARBA Heavy and Highway and Underground Agreement
- MARBA Illinois Building Agreement
- Field Technicians and Drillers Agreement (Material Testing Technicians and Drillers Labor Relations Alliance, the "ALLIANCE")
- Field Technicians and Drillers Agreement (Chicago, Area Construction, Testing, Drilling and Inspection Association (CACTDIA))
- Well Drillers Agreement
- Geothermal Agreement
- Landscape Construction Labor Agreement – Operators
- Landscape Construction Labor Agreement – Plantsmen
- Shop Agreement

PREAMBLE

This Agreement is entered into to prevent strikes and lockouts and to facilitate peaceful adjustment of jurisdictional disputes in the building and construction industry and to prevent waste and unnecessary avoidable delays and expense, and for the further purpose of at all times securing for the employer sufficient skilled workers and so far as possible to provide for labor continuous employment, such employment to be in accordance with the conditions and at the wages agreed upon, in the particular trade or craft, that stable conditions may prevail in the construction industry, that costs may be as low as possible consistent with fair wages and conditions and further to establish the necessary procedure by which these ends may be accomplished.

This Standard Agreement shall be considered and shall constitute a part of all agreements between Employers and Labor Unions, members of the Construction Employers' Association, herein call the Association, and the Chicago & Cook County Building & Construction Trades Council, herein called the Council, as containing within its terms the necessary protection of and assuring undisturbed conditions in the industry. In the event of any inconsistency between this Agreement and any collective bargaining agreement, the terms of this Agreement shall supersede and prevail except for all work performed under the NT Articles of Agreement, the National Stack/Chimney Agreement, the National Cooling Tower Agreement, all instrument calibration work and loop checking shall be performed under the terms of the UA/IBEW Joint National Agreement for instrument and Control Systems Technicians, and the National Agreement of the International Union of Elevator Constructors with the exception of the content and subject matter of Articles V, VI and VII of the AFL-CIO's Building & Construction Trades Department model Project Labor Agreement.

DECLARATION OF PRINCIPLES

The Principles contained herein are fundamental, and no articles or section in this Agreement or in the collective bargaining agreement pertaining to a specific trade or craft shall be construed as being in conflict with these principles. In the event any conflict exists between this Agreement and any collective bargaining agreement subject to the Provisions of this Agreement and the dispute resolution provisions contained hereunder, and pertaining to a specific trade or craft concerning the resolution of jurisdictional disputes, the parties specifically agree that the terms of this Agreement are exclusive and supersede any other provisions or procedures relating to the settlement of jurisdictional disputes contained in such collective bargaining agreement.

- I. There shall be no limitation as to the amount of work a worker shall perform during the work day.
- II. There shall be no restriction on the use of machinery, tools or appliances.
- III. There shall be no restriction on the use of any raw or manufactured material, except prison made.
- IV. No person shall have the right to interfere with workers during working hours.
- V. The use of apprentices shall not be prohibited.
- VI. The foreman shall be the agent of the employer.
- VII. The worker is at liberty to work for whomever he or she sees fit but such worker shall demand and receive the wages agreed upon in the collective bargaining agreement covering the particular trade or craft under any circumstances.
- VIII. The employer is at liberty to employ and discharge for just cause whomsoever the employer sees fit.

ARTICLES OF AGREEMENT

ARTICLE I

Therefore, with the Preamble and Declaration of Principles as part of and fundamental to this Agreement, the parties hereto hereby agree that there shall be no lockout by any employer, or strikes, stoppage, or the abandonment of work either individually or collectively, by concerted or separate action by any union without arbitration of any jurisdictional dispute as hereinafter provided.

ARTICLE II

The parties hereto hereby agree that in the manner herein set forth, they and the parties whom they represent will submit to arbitration all jurisdictional disputes that may arise between them and any misunderstanding as to the meaning or intent of all, or any part, of this Agreement, and they further agree that work will go on undisturbed during such arbitration, and that the decision of the arbitrator shall be final and binding on the parties hereto as provided in Article VI.

ARTICLE III

Paragraph 1. Should a Union affiliated with the Council abandon its work without first submitting any jurisdictional dispute to arbitration as provided herein, or should any employees whom it represents individually or collectively, or by separate or concerted action, leave the work, the employer shall have the right to fill the places of such workers with workers who will agree to work for the employer, and the Union shall not have the right to strike, or abandon the work, because of the employment of such workers.

Paragraph 2. The Union shall have the right to take the employees whom it represents from the work for the purpose of collecting wages and fringe benefits due, but such matter shall immediately be referred to arbitration. Should there be a dispute as to the amount due, the matter shall be first referred to arbitration as herein set forth.

Paragraph 3. The parties recognize the importance of having all work performed in a satisfactory manner by competent craftsmen. Because the unions affiliated with the Council have through apprenticeship and other training programs consistently striven to create an adequate supply of such skilled workers, and because it is desirable that the unions continue to do so, the Association, for itself and for each employer whom it represents agrees, to the extent permitted by law, that it will contract or subcontract any work to be done at the site of the construction, alteration, painting, or repair of a building, structure, or other work, only with or to a contractor who is a party to a collective bargaining agreement with a union affiliated with the Council and, accordingly, is bound by all the terms and provisions of this Standard Agreement.

ARTICLE IV

The parties recognize the importance of having available and furnishing at all times during the life of this Agreement sufficient skilled workers, capable of performing the work of their trade, and to constantly endeavor to improve the ability of such workers and further to have in the making, through apprenticeship training, workers who can enter the trade properly equipped to perform the work, and to the extent possible, the parties agree to do everything within their power to cooperate in carrying out these purposes. Joint apprenticeship committees shall have the right to maintain schools for the training of apprentices registered under the terms of the particular collective bargaining agreement involved and such apprentices shall be considered skilled and qualified journeymen when adjudged competent by a committee composed of the members of the parties to the particular collective bargaining agreement involved. However, this article shall not be construed to disturb present systems wherein the labor organization which is a party to the particular collective bargaining agreement involved compels apprentices to attend trade school.

ARTICLE V

A Joint Conference Board is hereby created by agreement between the Association and the Council, which shall be binding upon the members and affiliates of each, and it is hereby agreed by the parties hereto, together with their members and affiliates, that they will recognize the authority of said Joint Conference Board and that its decisions shall be final and binding upon them as provided in Article VI. The administration of the Joint Conference Board shall be executed by the Secretary of the Board. All normal operating and all extraordinary expenses shall be borne equally.

ARTICLE VI

The Joint Conference Board shall be responsible for the administration of this Agreement. The primary concern of the Joint Conference Board shall be the adjustment of jurisdictional disputes by arbitrators selected by the Board. Decisions rendered by any arbitrator under this Agreement appointed by the Joint Conference Board relating to jurisdictional disputes shall be only for the specific job under consideration and shall become effective immediately and complied with by all parties. In rendering a decision, the Arbitrator shall determine:

- a) First whether a previous Agreement of Record or applicable agreement, including a disclaimer agreement, between the National or International Unions to the dispute governs.

- b) Only if the Arbitrator finds that the dispute is not covered by an appropriate or applicable Agreement of Record or agreement between the National or International Unions to the dispute, he shall then consider the established trade practice in the industry and prevailing practice in the locality. Where there is a previous Decision of Record governing the case, the Arbitrator shall give equal weight to such Decision of Record, unless the prevailing practice in the locality in the past ten years favors one craft. In that case, the Arbitrator shall base his decision on the prevailing practice in the locality. Except, that if the Arbitrator finds that a craft has improperly obtained the prevailing practice in the locality through raiding, the undercutting of wages or by the use of vertical agreements, the Arbitrator shall rely on the Decision of Record and established trade practice in the industry rather than the prevailing practice in the locality.
- c) In order to determine the established trade practice in the industry and prevailing practice in the locality, the Arbitrator may rely on applicable agreements between the Local Unions involved in the dispute, prior decisions of the Joint Conference Board for specific jobs, decisions of the National Plan and the National Labor Relations Board or other jurisdictional dispute decisions, along with any other relevant evidence or testimony presented by those participating in the hearing.
- d) Only if none of the above criteria is found to exist, the Arbitrator shall then consider that because efficiency, cost or continuity and good management are essential to the well being of the industry, the interests of the consumer or the past practices of the employer shall not be ignored.

Agreements of Record are those agreements between National and International Unions that have been "attested" by the predecessor of the National Plan and approved by the AFL-CIO Building and Construction Trades Department and are contained in the Green Book. Such Agreements of Record are binding on employers stipulated to the Plan for the Settlement or Jurisdictional Disputes in the Construction Industry (the "National Plan"), the National Plan's predecessor joint boards or stipulated to the Joint Conference Board. Agreements of Record are applicable only to the crafts signatory to such agreements. Decisions of Record are decisions by the National Arbitration Panel or its predecessors and recognized under the provisions of the Constitution of the AFL-CIO Building and Construction Trades Department and the National Plan. Decisions of Record are applicable to all crafts.

The Arbitrator shall set forth the basis for his decision and shall explain his findings regarding the applicability of the above criteria. If lower-ranked criteria are relied upon, the Arbitrator shall explain why the higher-ranked criteria were not deemed applicable. The Arbitrator's decision shall only apply to the job in dispute. Such decisions of the Arbitrator shall be final and binding subject only to an appeal, if such an appeal is available under conditions determined by the Building and Construction Trades Department of the American Federation of Labor and Congress of Industrial

Organizations under the National Plan or any successor plan for the settlement of jurisdictional disputes.

ARTICLE VII

This is an arbitration agreement and the intent of this agreement is that all unresolved jurisdictional disputes must be arbitrated under the authority of the Joint Conference Board and that the decisions, subject to the right of appeal provided in Article VI, shall be final and binding upon the parties hereto and upon their affiliates and the members of such affiliates, and that there shall be no abandonment of the work during such arbitration or in violation of the arbitration decision. The Joint Conference Board shall administer the neutral arbitration system of this agreement. Any party bound to this Agreement through a collective bargaining agreement with any Local Union affiliated with the Council shall be bound to this Agreement for all jurisdictional disputes that may arise between any Local Unions affiliated with the Council. Employers bound to this Agreement shall require that this Agreement be a part of all agreements with contractors or subcontractors covering work performed by any trade or craft affiliated with the Council. All parties to this Agreement release the Board from any liability arising from its action or inaction and covenant not to sue the Board. Any damages incurred by the Board for any breach of this covenant shall include, but are not limited to, the Board's costs, expenses and attorney's fees incurred as a result of said legal proceedings.

Paragraph 1 - The annual meeting of the Joint Conference Board shall be held in June, unless another date is agreed upon by the parties.

Paragraph 2 - The parties hereto shall designate an equal number of members who shall serve upon the Joint Conference Board. The members of the Board shall annually be certified by the Association and the Council in written communications addressed to the Board by the President and Secretary of the respective organizations. Each year the Joint Conference Board shall select a Chairman from among its members. The Joint Conference Board shall also select from among its members a Vice Chairman. The Board shall also select a Secretary. All members shall serve for one year or until their successors have been selected.

Paragraph 3 - At the annual meeting, the Association and Council shall each name at least five and up to ten impartial arbitrators.

Paragraph 4 - In the event the Chairman or Vice-Chairman is unable to serve by reason of resignation, death or otherwise, a successor may be selected for the remainder of the term by the party which made the original selection. Should a member of the Joint Conference

Board be unable to serve, because of resignation, death or any other reason, the successor shall be selected by the Association or Council respectively in which such member holds membership.

Paragraph 5 - Should any member of the Board for any reason be unable to attend any meeting of the Board, the President of his respective organization shall be empowered to name a substitute for each absentee for that meeting.

Paragraph 6 - Meetings of the Board may be called at any time by the Chairman, Secretary or three members of the Board. Seventy-two hours written notice of such meeting must be given to each member of the Board.

Paragraph 7 - Twelve members of the Board, six from each of the parties, present at the executive session, shall be a quorum for the transaction of business. The Chairman, or Vice-Chairman, when presiding, shall not be counted for the purpose of determining a quorum. Whenever the number of members present from each party at the executive session are unequal, he party with the fewer members present shall be entitled to cast a total number of votes equal to the number of the present members of the other party with the additional votes of said party being cast in accordance with the vote of the majority of its members who are present.

Paragraph 8 - If it is brought to the attention of the Chairman that any member (other than the Chairman) is not impartial with respect to a particular matter before the Board, the Chairman may excuse such member from the executive session if the Chairman concludes that such member has a conflict of interest with respect to such matter.

Paragraph 9 - Should a jurisdictional dispute arise between the parties hereto, among or between any members or affiliates of the parties hereto, or among or between any members or affiliates of the parties hereto and some other body of employers or employees, the disposition of such dispute shall be as follows:

- a) The crafts involved shall meet on the jobsite or a mutually agreed location to resolve the jurisdictional dispute.
- b) If the said dispute is not settled it shall be submitted immediately in writing to the Secretary of the Joint Conference Board. Unless agreed to in writing (correspondence, email, etc.) by the trades involved in the dispute, the trades and contractors shall make themselves available to meet within 72 hours at a neutral site with representatives of the Chicago & Cook County Building & Construction Trades Council and the Construction Employers' Association to resolve this jurisdictional issue.
- c) Failure to meet within seventy-two (72) hours of receiving written notice or e-mail to the meetings contemplated in "a" or "b" above will automatically advance the case to the next level of adjudication.

- d) Should this jurisdictional issue be unresolved, the matter shall, within 72 hours not counting Saturday, Sunday and Holidays, hereafter, be referred to an Arbitrator for adjudication if requested in writing by any party. The Arbitrator shall hear the evidence and render a prompt decision within forty-eight (48 hours) of the conclusion of the hearing based on the criteria in Article VI. The arbitrator chosen shall be randomly selected based on availability from the list submitted in Article VII Paragraph 3. The decision of the Arbitrator shall be subject to appeal only under the terms of Article VI. The written decision shall be final and binding upon all parties to the dispute and may be a short form decision. The fees and costs of the arbitrator shall be divided evenly between the contesting parties except that any party wishing a full opinion and decision beyond the short form decision shall bear the reasonable fees and costs of such full opinion.
- e) Should said dispute not be so referred by either or both of the parties, the Joint Conference Board may, upon its own initiative, or at the request of others interested, take up and decide such dispute, and its decision shall be final and binding upon the parties hereto and upon their members and affiliates as provided for in Article VI.

In either circumstance all of the parties are committed to a case until it is finalized, even if there is an appeal. However, in cases of jurisdictional or other disputes between a union and another union, which is a member of the same International Union, the matter in dispute shall be settled in the manner set forth by their International Constitution, but there shall be no abandonment of the work pending such settlement.

Paragraph 10 - All interested parties shall be entitled to make presentations to the Arbitrator. Any interested party present at the hearing, whether making a presentation or not, by such presence shall be deemed to accept the jurisdiction of the arbitrator and to agree to be bound by its decision and further agrees to be bound by the Standard Agreement, for that case only if not otherwise so bound.

Paragraph 11 - Upon approval of the Arbitrator other parties not directly involved in the dispute may be invited to be present during the presentation and discussion portions of an arbitration hearing. Attorneys shall not be permitted to attend or participate in any portion of a hearing.

Paragraph 12 – At no time shall any party to a pending dispute unilaterally or independently contact the Arbitrator assigned to hear the case. All inquiries must be submitted to the Secretary of the Joint Conference Board.

Paragraph 13 - The Joint Conference Board may also serve as a board of arbitration in other disputes, including wages, but only when requested to do so by all parties involved in the particular dispute or controversy. It is not the intention of this Agreement that the

Joint Conference Board shall take part in such disputes except by mutual consent of all parties involved.

ARTICLE VIII

Paragraph 1 - The duly authorized representatives of members of affiliates of either party hereto, if having in their possession proper credentials, shall be permitted to visit jobs during working hours, to interview the contractor or the workers, but they shall in no way interfere with the progress of the work.

Paragraph 2 - The handling of tools, machinery and appliances necessary in the performance of the work covered by a particular collective bargaining agreement, shall be done by journeymen covered by such agreement and by helpers and apprentices in that trade, but similar tools, machinery and appliances used by other trades in the performance of their work shall be handled in accordance with the particular collective bargaining agreement of that trade.

Paragraph 3 - In the interest of the public economy and at the discretion of the employer or foreman, all small tasks covered by a particular collective bargaining agreement may be done by workers or laborers of other trades, if mechanics or laborers of this trade are not on the building or job, but same are not to be of longer duration than one-half hour in any one day. The Joint Conference Board may render a decision involving a composite crew.

Paragraph 4 - It is fundamental to the Standard Agreement that all members and affiliates of the parties to this Agreement be stipulated to the Standard Agreement and the Joint Conference Board. All current members of the Chicago and Cook County Building and Construction Trades Council, and their affiliates, by this Agreement are stipulated to the Standard Agreement and Joint Conference Board for the term of the current Standard Agreement. The area labor agreements of the members and affiliates of the parties setting forth language stipulating those parties to the Standard Agreement and Joint Conference Board shall be filed with the Secretary of the Joint Conference Board annually, at the time of the Joint Conference Board appointments. Current trade or craft agreements will prevail as interim agreements in the event labor negotiations are incomplete or in process at the time of the annual meeting.

Paragraph 5 - All members and affiliates of the parties with labor agreements containing language stipulating those parties to the Standard Agreement and Joint Conference Board shall remain stipulated for the term of the current Standard Agreement. Any members or affiliates of the parties who negotiate language stipulating the parties to the Standard Agreement and/or the Joint Conference Board in their area labor agreement shall remain stipulated for the term of the current Standard Agreement. Any Association that incorporates Standard Agreement and/or Joint Conference Board stipulation language into their collective bargaining agreement will automatically have representation on the Joint Conference Board.

Paragraph 6 - Only those crafts with stipulation language in their area labor agreements will be allowed to bring jurisdictional dispute cases to the Joint Conference Board. Those crafts without stipulation language in their area labor agreements will be allowed to participate if a jurisdictional dispute case is brought against their craft and will have the right to appeal any decision, if such an appeal is available, as provided in Article VI of this Agreement.

Paragraph 7 - This agreement applies only to work performed within Cook County, Illinois.

Paragraph 8 - As herein before provided in Article VII, decisions or awards as to jurisdictional claims and decisions determining whether or not said decisions or awards have been violated rendered by the Joint Conference Board shall be final, binding and conclusive on all the parties hereto, on all of their members and affiliates, and on all employers subject only to the right of appeal herein provided for in Article VI.

Paragraph 9 - To further implement the decision of the Joint Conference Board, it is agreed that any party hereto, any of their members or affiliates, and any employer may at any time file a Verified Complaint in writing with the Joint Conference Board alleging a violation of a decision or award previously made. The Board shall thereupon set a hearing, to be held within three days of receipt of the Verified Complaint with respect to the alleged violation, and shall notify all interested parties of the time and place thereof. An Arbitrator selected pursuant to Article VII, Paragraph 9(c) shall conduct a hearing at the time and place specified in its notice. All parties shall be given an opportunity to testify and to present documentary evidence relating to the subject matter of the hearing within forty-eight (48) hours after the conclusion thereof, the Arbitrator shall render a written decision in the matter and shall state whether or not there has been a violation of its prior decision or award. Copies of the decision shall be served, by certified mail or by personal service, upon all parties hereto.

Paragraph 10 - Should the Arbitrator determine that there has been a violation of the Board's prior decision or award, the Arbitrator shall order immediate compliance by the offending party or parties. The Arbitrator may take one or more of the following courses of action in order to enforce compliance with the Board's decision:

- a) The Arbitrator may assess liquidated damages not to exceed \$5,000 for each violation by individual members of, or employees represented by the parties hereto, and may assess liquidated damages not to exceed \$10,000 for each violation by either party hereto, or any of its officers or representatives. If a fine is rendered by the Arbitrator, it should be commensurate with the seriousness of the violation having a relationship to lost hours for the Unions and lost efficiency for the employer. Each of the parties hereto hereby agrees for itself, and its members, to pay to the other party within thirty days any sum, or sums, so assessed because of violations of a decision or award by itself, its officers, or representatives, or its

member or members. Should either party to this agreement, or any of its members fail to pay the amount so assessed within thirty days of its assessment, the party or member so failing to pay shall be deprived of all the benefits of this agreement until such time as the matter is adjusted to the satisfaction of the Arbitrator.

- b) It may order cessation of all work by the employers and the employees on the job or project involved.

Paragraph 11 - All Notices under this Agreement shall be in writing and sent by the Administrator of the Joint Conference Board via facsimile or email. For all notifications to affiliates of the Chicago & Cook County Building and Construction Trades Council, the Administrator may rely upon the facsimile numbers, addresses and email addresses in the current directory of the Council. For notifications to all contractors and subcontractors, the Administrator may rely on corporate information on the Illinois Secretary of State website or other appropriate databases. Original Notices of all Joint Conference Board decisions will be sent to each of the parties involved via certified mail. The notice provisions shall not include Saturday, Sunday or legal holidays.

Paragraph 12 - The following days shall be recognized as legal holidays: New Years Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day.

Paragraph 13 - The Board shall have no authority to undertake any action to enforce its decision after a hearing beyond informing the affected parties of its decision. Rather, it shall be the responsibility of the prevailing party to seek appropriate enforcement of a decision, including findings, orders or awards of the Board determining non-compliance with a prior award or decision. The prevailing party in any enforcement proceeding shall be entitled to recover its costs and attorney's fees from the non-prevailing party. In the event the Board is made a party to, or is otherwise required to participate in any such enforcement proceeding for whatever reason, the non-prevailing party shall bear all costs, attorneys fees, and any other expenses incurred by the Board in those proceedings.

Paragraph 14 - In establishing the jurisdiction of the Joint Conference Board over all parties to the dispute, the primary responsibility for the judicial determination of the arbitrability of a dispute and the jurisdiction of the Joint Conference Board shall be borne by the party requesting the Board to hear the underlying jurisdictional dispute. If all of the parties to the dispute do not attend the arbitration hearing or otherwise agree in writing that the parties are stipulated to the Joint Conference Board and Standard Agreement, the affected party or parties may proceed at the Joint Conference Board even in the absence of one or more parties to the dispute. In such instances, the issue of jurisdiction is an additional item that must be determined in the first instance by the Arbitrator who shall set forth basis of his determination in his decision. The Joint Conference Board may participate in any proceedings seeking a declaration or determination that the underlying dispute is subject to the jurisdiction and process of the

Joint Conference Board. In any such proceedings, the non-prevailing party and/or the party challenging the jurisdiction of the Joint Conference Board shall bear all the costs, expenses and attorney's fees incurred by the Board in establishing its jurisdiction. The provision of Paragraph 13 regarding obtaining attorney fees shall apply.

Paragraph 15 - It is agreed by the parties hereto that this agreement shall remain in full force and effect until June 1, 2020 unless otherwise amended by agreement of parties.

IN WITNESS WHEREOF, the parties have caused this document to be executed at Chicago, Illinois this 28th day of May, 2020.

TRADES COUNCIL

BY Ralph Affrunti
President

APPENDIX D

MODIFICATIONS TO THE MULTI-PROJECT LABOR AGREEMENT

The provisions of this Appendix D shall modify the Multi-Project Labor Agreement. Where inconsistent with the Agreement, the provisions of this Appendix D shall govern.

1. The Agreement shall apply only to Construction Work performed on properties owned by HACC, as identified in Appendix A. It shall not apply to Construction Work performed on properties not owned by HACC, including such properties for which HACC provides housing vouchers to tenants or project-based housing voucher subsidies to property owners. HACC shall provide Unions with an updated Appendix A, as necessary, so that it remains accurate at all times.
2. The following shall be excluded from the definition of Construction Work:
 - A. The turnover of a single unit of HACC housing or the completion of a work order issued by HACC management staff that is performed by HACC employees who are members of the Service Employees International Union (SEIU), or in accordance with such employees' SEIU contract, which costs less than \$25,000 (HCAA Employee Job). The calculation of the \$25,000 HCAA Employee Job exclusion shall include the totality of all construction, demolition, rehabilitation, maintenance and/or renovation work performed by all HCAA employees in connection with the unit turnover or purchase order in question.
 - B. All construction, demolition, rehabilitation, maintenance and/or renovation work performed by a general contractor or subcontractor who has been certified by HUD, in accordance with §3 of the Housing and Urban Development Act of 1968 (12 USC §1701u) and 24 CFR Part 135 (Section 3 Contractor) which totals less than \$250,000 on any Project (Section 3 Contractor Job). The calculation of the \$250,000 Section 3 Contractor Job exclusion shall include the totality of all such work performed on the Project by the Section 3 Contractor. HACC shall provide the Unions: (1) immediate notification of any Section 3 Contractor who has been awarded a contract or subcontract to perform Construction Work on a Project, as well as the full contract or subcontract awarded to the Section 3 Contractor; and (2) an approved HACC Section 3 Contractor list, no less than once a quarter or immediately upon request.
 - C. Any Emergency Project for which HACC is unable to locate an appropriate Subcontractor signatory to the PLA to complete construction, demolition, rehabilitation, maintenance and/or renovation work in a timely manner. As used in this paragraph, Emergency Project shall refer to any instance where there is an emergency need to immediately perform construction, demolition, rehabilitation, maintenance and/or renovation work due to an sudden, unanticipated event that requires immediate remedial attention. By way of example, and without exclusion, Emergency Projects shall be necessitated by events such as sudden failure of water, sewer, heating or ventilation systems, explosions, sudden exposure of property to the elements, and the like. In the event that HACC ultimately does not use a Subcontractor signatory to the PLA to perform construction, demolition, rehabilitation, maintenance and/or renovation work on an Emergency Project, it shall notify Ralph Affrunti or his designee within one business day. That notification shall include a description of: (1) the event necessitating the Emergency Project; (2) a full description of the Emergency Project's scope; (3) the actions taken by HACC to identify a Subcontractor signatory to the PLA to perform work on the Emergency Project; (4) the identity of all Subcontractors signatory to the PLA that were contacted, as well as the reason(s) each was unable to perform work on the Emergency Project; and (5) the identity of

all contractors and subcontractors not signatory to the PLA who performed construction, demolition, rehabilitation, maintenance and/or renovation work on the Emergency Project and a full description of the work they performed and the amount of the contract.

3. The Term of the Agreement shall commence on the date it is approved by HACC's Board and, if necessary, HUD, and fully executed by the parties (Effective Date) and extend for five (5) years from the Effective Date. Both parties shall have the right to terminate the Agreement, for any reason or no reason, at their discretion, effective April 30, 2022, by giving written notice to the other party. Said notice shall be given by no later than March 31, 2022 and may be delivered by email, fax, messenger service or by certified mail. The Agreement shall continue to govern any covered Project as of the date of termination or expiration through such Project's completion.
4. The Agreement shall cover Construction Work on Projects subject to an RFP issued by HACC after the Effective Date. If HACC has issued an RFP for Construction Work on a Project prior to the Effective Date but has not yet let the work (Open Project), then HACC shall amend the RFP to include and comply with the Agreement and such Construction Work shall be covered by the Agreement. The Agreement shall not cover any Construction Work on a Project that is being performed or is underway on the Effective Date (On-Going Project), unless HACC thereafter halts an On-Going Project or a contractor or subcontractor is removed from an On-Going Project necessitating the rebidding and/or reletting of said Construction Work. On the Effective Date, HCAA shall provide the Unions with a list of all Open Projects and On-Going Projects.
5. The Subcontractors, Unions, and the Building and Construction Trades Council shall provide support to HACC residents who wish to: a) apply to participate in the Unions' apprenticeship programs; and b) utilize the services of the Construction Industry Service Corporation ("CISCO") and/or the HIRE360 program. In connection with this Agreement:
 - A. HACC will refer residents to the Subcontractors, Unions, and the Building and Construction Trades Council (or its designee, CISCO) to assist them in locating apprenticeship opportunities and enrolling in the HIRE360 program.
 - B. All Subcontractors shall utilize the maximum number of apprenticeships permitted under their respective Collective Bargaining Agreement(s) on every Project.
 - C. HACC residents, where eligible, shall be afforded the opportunity to apply to be enrolled in the apprenticeship programs of each of the Unions.
 - D. The Building and Construction Trades Council, through CISCO or otherwise, shall provide HACC with monthly reports on the status of each HACC resident referred for the services described above. Such reports shall identify the resident, and describe what training and apprenticeship opportunities have been provided that resident, as well as comment on the resident's compliance with program requirements.
