**1.2.4 Communication.** The named MPHA Project Manager (PM) shall be the primary point of contact for the Contractor pertaining to this work. The Contractor shall be free to converse and communicate with the PM verbally; however, all requests for changes or decisions shall be submitted to the PM in writing. The MPHA anticipates that it will typically make a decision in such matters within 3 workdays of receipt, though such response time frame may be shorter or longer depending on the situation; accordingly, the Contractor shall submit such written requests in as timely a manner as reasonably possible.

**1.2.5 Conduct Preconstruction Conference.** The Contractor shall conduct a preconstruction conference with the subcontractors to discuss the project schedule and information such as procedures for drawings or design intent clarifications, change orders, shop drawings, progress payments, retainage, field testing and inspection, safety, and other items.

- 1.2.8.2** Payment will be based on the percentage of work completed during a one-month period.
- 1.2.8.3** A 5% retainage will be held on each payment request. A separate payment request for the return of the retainage will be required at the completion of the work.
- 1.2.8.4 Review and Approval.** The MPHA will review each such Contractor request for payment and will approve the payment only if the following listed conditions are met. The MPHA shall ensure:

During construction, the Contractor shall implement an on-site safety program and shall monitor the subcontractor's compliance with the program and this section and report deficiencies.

**1.2.12** **Inspections and Punch Lists.** The Contractor with the project team shall perform regular inspections of completed or in-progress work at intervals agreed upon by the MPHA, its Architect, and the Contractor. - 1.2.15 Permits.** The Contractor shall obtain any and all required permits pertaining to any assigned work at his/her expense.
- 1.2.16 Prior MPHA Approval Required.** Please note that the Contractor shall not conduct any work without the prior written authorization of the MPHA representative. Failure to abide by this directive shall release the MPHA of any obligation to pay the Contractor for any work conducted without the noted prior written authorization. This authorization may take the form of an email.
- 1.2.17 Project Close-Out.** The Contractor shall prepare a recommendation for final acceptance of the project after all deficiencies have been corrected and all contract conditions have been met. The Contractor shall prepare a final cost report and a final payment request. Payment of the final payment request is dependent on the MPHA's approval of the final cost report and the Contractor's contract performance. The Contractor shall provide two complete hard copy sets and an electronic version of contract close-out documents to the MPHA. This shall include, but is not limited to, as-built drawings, operation and maintenance manuals, training sessions, and warranties.
- 1.2.17.1** During project closeout, MPHA will visit the project site only twice for any corrective action that may be necessary. The first time will be to inspect completion and create a list of items that need to be corrected (punch list). Once MPHA is notified by the Contractor of successfully completing and correcting all of the items on the punch list, MPHA will inspect a second time. At this point if there are still deficiencies in the workmanship or items that have not been corrected that would require further action by the Contractor and MPHA to inspect subsequent times, the Contractor will be charged \$250.00 per site visit. This should not be construed as a penalty, but rather a means to ensure the project is completed in an efficient manner.
- 1.2.18 Safety.** It shall be the responsibility of the Contractor to ensure, at all times during the performance of the work, to the maximum extent feasible, to protect the safety of MPHA residents and staff, the Contractor's staff and subcontractors, and the public. This shall include, but not be limited to, compliance with all OSHA-related Federal and local laws, codes, and regulations. Screened safety barriers must be provided around work areas.
- 1.2.19 Scheduling.** The Contractor shall perform services during normal business hours from 8:00 a.m. until 4:30 p.m. Monday through Friday, excluding holidays. Project setup/staging may occur before 8:00 a.m. with prior approval if it generates no noise.

- 1.2.22 Temporary Facilities.** It shall be the responsibility of the Contractor to provide any temporary facilities that may be required, including, but not limited to temporary toilets; water; fencing; barricades; lighting; planking; signage; guardrails; etc. Accordingly, it shall be the responsibility of the Contractor to secure and maintain such items during the term of the work.
- 1.2.23 Time of Completion.** The Contractor shall commence and complete the work under the ensuing contract on dates to be specified within the Notice to Proceed. Work to commence immediately, once material lead times have been established
- 1.2.23.1 Substantial Completion.** Substantial Completion is the stage in the progress of the work when the work or designated portion is sufficiently complete in accordance with the contract documents so that MPHA can occupy or utilize the work for its intended use. The work will only be deemed substantially complete once the Contractor submits an AIA Document G704 - Certificate of Substantial Completion and receives in return a fully executed version.
- 1.2.24 Tools/Equipment/Materials.** The Contractor shall ensure that at all times during the work, tools, equipment, and materials are handled, placed, and stored in a secure and safe manner so as to protect all parties, including but not limited to the Contractor's workers, MPHA tenants and staff, and the public at large. The Contractor shall ensure that during non-working hours such items are not left unattended on the job site when such safety may be compromised. As the building the Contractor will be working in is occupied by housing tenants, including a number of elderly/disabled or special needs persons, it will be especially important that the hallways are clear for ingress and egress.
- 1.2.25 Warranty/Guarantee.** All work provided by any Contractor pursuant to any contract that ensues from this IFB shall be warranted or guaranteed by that Contractor for a period of time of not less than two calendar years from the date of substantial completion. The Contractor will provide all labor for any warranty work over the two year warranty period, or for the length of the manufacturer's warranty on the new systems, whichever of the periods is greater.
- 1.2.26 Weekends.** Unless otherwise approved by the MPHA in writing, the Contractor shall not perform work on MPHA property during a holiday or weekend (Saturday or Sunday).
- 1.2.27 Work Standards.** It is the responsibility of the Contractor to ensure that each worker provided by the Contractor shall be fully trained and qualified to provide any assigned work. Accordingly, all work provided shall be guaranteed by the Contractor to be performed in a workmanlike manner and in accordance with all applicable laws, codes, and/or regulations, including those issued by, but not limited to the City of Minneapolis and/or the State of Minnesota, or any applicable Federal Agency.
- 1.2.28 Section 3 Reporting Requirements.** As outlined in Attachment K, submit quarterly this compliance report. This report requires the vendor to provide on a quarterly basis the total number of hours worked on MPHA projects for all workers, the number of hours worked on MPHA projects by Section 3 workers, the number of hours worked on MPHA projects by Targeted Section 3 workers and any qualitative efforts undertaken to help achieve compliance with the benchmark requirements. The benchmark requirements are 25% of the total labor hours worked on MPHA projects

must be worked by Section 3 workers, of which 5% must be worked by Targeted Section 3 workers.

- 1.2.29 Workmanlike Standard.** The Contractor shall, without charge, replace or correct any work found by MPHA to (1) not conform to the contract requirements, or (2) not meet workmanlike standards as determined by MPHA, unless MPHA decides, in its sole discretion, it is in its interest to accept the work as is with an appropriate adjustment in contract price. The Contractor shall promptly segregate and remove any rejected materials from the premises.

If Contractor does not replace or correct rejected work within five (5) business days of being notified, MPHA may (1) replace or correct the work and charge the cost to the Contractor, or (2) terminate for default the Contractor's right to proceed with work.

- 1.2.30 Project Closeout.** During project closeout, MPHA will visit the project site only twice for any corrective action that may be necessary. The first time will be to inspect completion and create a list of items that need to be corrected (punch list). Once MPHA is notified by the Contractor of successfully completing and correcting all of the items on the punch list, MPHA will inspect a second time. At this point if there are still deficiencies in the workmanship or items that have not been corrected that would require further action by the Contractor and MPHA to inspect subsequent times, the Contractor will be charged \$250.00 per site visit. This should not be construed as a penalty, but rather a means to ensure the project is completed in an efficient manner.

The Contractor shall prepare a final cost report and a final payment request. Payment of the final payment request is dependent on the MPHA's approval of the final cost report and the Contractor's contract performance. The Contractor shall provide two complete hard copy sets and an electronic version of contract close-out documents to the MPHA. This shall include, but is not limited to, as-built drawings, operation and maintenance manuals, training sessions, and warranties.

This bond ensures that if awarded the contract, the bidder will accept and perform the work under the contract. It also ensures that the bidder will not attempt to withdraw or otherwise not fulfill the contract. Finally, the bid bond ensures that the bidder will execute the contractual documents that are required within the time specified in the solicitation or forfeit all or part of the guarantee. A certified check, bank draft, U.S. Government Bonds at par value, bid bond secured by an acceptable surety company, or another negotiable instrument may be accepted as a bid guarantee. The listing of acceptable sureties can be found on the most recently published U.S. Treasury Circular 570. If the Contractor refuses to sign the contract after award, the bid bond is forfeited, and award will go to the next lowest responsive and responsible bidder. If a bid bond or guarantee is not submitted with the bid, the MPHA will reject the bid as non-responsive. The MPHA anticipates that it will not return any bid bonds until the contract has been awarded and the required performance and payments bonds have been furnished; until all bids have been rejected; or the time specified for acceptance of bids has expired. In fairness to the other bidders, the MPHA may also choose to return the bid bonds if the MPHA has a firm and reasonable assurance that the responsive and responsible bidder who submitted the lowest cost will execute the contract.
- 2.5.2 Performance Bond.** The performance bond is meant to ensure that the contract is successfully completed. The performance bond guarantees that if the Contractor is unable to complete the contract, the surety company will step in to finish the work.
- 2.5.3 Payment Bond.** The payment bond is a method of ensuring that the Contractor pays the subcontractors and suppliers. By requiring payment bonds, the MPHA avoids becoming entangled in disputes concerning payment of subcontractors and suppliers by the general contractor. The surety underwriting the payment bond ensures the contractors and suppliers will be paid. Failure to pay subcontractors for work performed in commercial contracts may often lead to the subcontractor filing a

mechanic's lien against property owners to obtain payment for services rendered. The MPHA contract requires the payment bond to prevent this problem and ensure that no liens will be filed against any MPHA building or lot of ground. As a reminder, Clause 24 of form HUD-5370, *General Conditions of the Contract for Construction* clearly forbids the placement of liens and is binding on any contractor, subcontractor, and material supplier.

**2.5.4 Bonding Companies.** An acceptable surety (bonding) company is one that is authorized to do business in the State of Minnesota and is acceptable to HUD and the MPHA. The surety must be listed on the most recently published U.S. Treasury Circular 570 (often referred to as the T-List). Individual sureties are not permitted. Circular 570 is available from the U.S. Department of the Treasury, Financial Management Service, Surety Bond Branch, Room #262C, 401 14th Street, S.W., Washington, D.C. 20227. The T-List may also be accessed on the Internet at: <https://www.fiscal.treasury.gov/surety-bonds/list-certified-companies.html>

**2.5.5 Bonding Requirements.** Contract guarantees apply to all construction projects greater than \$100,000 (though, at the Agency's discretion, may apply to smaller projects), whether development or modernization, funded pursuant to the U.S. Housing Act of 1937, as amended. As a result, the contractors for all construction projects shall be required to submit the following bid and contract guarantees. Please note that only the bid bond is required at time of bid; however, one of the purposes of the bid bond is to provide the MPHA with assurance that the Contractor will indeed obtain the necessary performance and payment bonds. Required bonds include a bid guarantee from each bidder, equivalent to 5% of the bid price, and the following from the Contractor:

**2.5.5.1** A performance bond for 100% of the contract price; and

**2.5.5.2** A payment bond for 100% of the contract price.

**2.5.6 Inadequate Surety.** If the low bidder fails to provide an acceptable assurance of completion (payment and performance bonds) after award of the contract, the MPHA may consider the bid guarantee forfeited and notify the surety company. The contract is then terminated for default. The amount to be recovered from the bid bond or guarantee will typically equal at least the difference between the defaulted bid and the next higher acceptable bid or the amount by which the bid accepted by re-soliciting exceeds the defaulted contract.

**2.6 Bid Submission.** Proposed fees and all required bid documents shall be submitted online in the Housing Agency Marketplace prior to the bid deadline.

**2.6.1 Submission Conditions.** Do not make any additional marks, notations, or requirements on the IFB documents. Bidders shall not change any requirements or forms contained herein, either by making or entering onto these documents any revisions or additions. If any such additional marks, notations or requirements are entered on any of the documents, such may invalidate that bid. If, after accepting such a bid, MPHA decides that any such entry has not changed the intent of the bid that MPHA intended to receive, MPHA may accept and consider the bid as if such entry were not entered on such. By accessing the Housing Agency Marketplace, registering, and downloading the IFB documents, the prospective bidder agrees to

confirm all notices that MPHA delivers to him/her as instructed. By submitting a bid, the bidder agrees to abide by all terms and conditions published herein and by any issued addenda.

**2.6.2 Submission Responsibilities.** Each bidder shall be responsible to be aware of and abide by all dates, times, conditions, requirements, and specifications set forth in the IFB documents, including this document, the IFB attachments listed on page 3, and any addenda. By completing and submitting a bid, the bidder agrees to comply with all conditions and requirements set forth in those documents. Written notice from the bidder not authorized in writing by MPHA to exclude any of MPHA's requirements contained in the documents may cause that bidder to not be considered for award.

**2.7 Contact with the MPHA.** Each bidder shall address all communication regarding this IFB process to the Buyer only. Bidders must not communicate with any other MPHA staff members or officials (including members of the Board of Commissioners) regarding this IFB. Failure to abide by this requirement may be cause for MPHA to not consider a bid submittal.

**2.7.1 Addenda.** All questions and requests for information must be addressed in writing to the Buyer who will respond to all inquiries in writing by addenda to all prospective bidders. During the IFB solicitation process, the Buyer will not conduct any substantive conversations that may give one prospective bidder an advantage over other prospective bidders. This does not mean that prospective bidders may not call the Buyer; it means that, other than making replies to direct the prospective bidder where his/her answer has already been issued in the solicitation documents, the Buyer will not respond to the prospective bidder's inquiries but will direct him/her to submit such inquiry in writing so that the Buyer may fairly respond to the prospective bidder's inquiries but will direct him/her to submit such inquiry in writing so that they Buyer may fairly respond to all prospective bidders in writing by addendum.

**2.8 Pre-bid Conference.** The scheduled pre-bid conference identified on Page 2 of this document is, pursuant to HUD regulation, not mandatory although highly recommended. Typically, such conferences last 1 hour or less. The purpose of this conference is to assist prospective bidders in having a full understanding of the IFB documents so that he/she feels confident in submitting an appropriate bid; therefore, at this conference the MPHA will conduct an overview of the IFB documents, including the attachments. Prospective bidders may also ask questions, though the MPHA may require that some questions are submitted in writing so that the MPHA can properly answer such questions to all prospective bidders in writing. Attendees are encouraged to bring a copy of the IFB documents, as all such documents must be garnered from the Housing Agency Marketplace.

### **3.0 BID EVALUATION.**

**3.1 Public Opening.** At the set date and time, all bids received will be opened and publicly read aloud by the Buyer, including the company name of the bidder and the total calculated costs proposed. At the bid opening the MPHA will only disclose the following information: (a) The company name of each bidder; and (b) the calculated total amount bid. A copy of the bid tabulation or recap recorded will be made available to each member of the public attending such opening and to anyone who requests such afterwards. The bids will not be made available for inspection by anyone at this time; the MPHA will, at a later time, review all bids in detail and will, in a timely manner notify all bidders of any bidder that is, as a result of the more detailed inspection of bids submitted, ruled to be non-responsive or not-responsible (please remember, as detailed within Section 8(d) of form HUD-5369, the MPHA reserves the right to, as determined by the MPHA, "waive informalities or minor irregularities in bids received.") Bids will be available for inspection by the public after the award has been completed.

**INVITATION FOR BIDS (IFB) No. B24011, Glendale Parking Lot Renovation**

**3.1.1 Ties.** In the case of ties, the award shall be decided by drawing lots or other random means of selection.

**3.2 Responsive Evaluation.** After the public opening the Step #1 bid submittals received will be evaluated in private for responsiveness (i.e. meets the minimum requirements). Firms not meeting the minimum that are deemed to be non-responsive will be notified of such in writing by the MPHA in a timely manner.

**3.3 Responsible Evaluation.** The MPHA will evaluate each bid submitted as to responsibility (e.g. a firm that is qualified, responsible and able to provide the required services to the MPHA). If the MPHA ascertains that such firm has the required ability, capability, experience, knowledge, licensing, insurance and resources to provide the required services, the MPHA may proceed with award as detailed. If the MPHA determines that such firm is deemed to be not responsible, such firm will be notified of such in writing by the MPHA in a timely manner; in such case the MPHA may proceed with the noted Responsive and Responsible Evaluations with the next lowest bidder.

**3.3.1** Depending on the amount of the award, it is possible that the MPHA may take such contract award to the MPHA Board of Commissioners (BOC) for approval of the award prior to executing a contract with the apparent successful bidder.

**3.4 Restrictions.** Any and all persons having ownership interest in a bidder entity or familial (including in-laws) and/or employment relationships (past or current) with principals and/or employees of a bidder entity will be excluded from participation in the evaluation of the bid.

**4.0 CONTRACT AWARD.**

**4.1 Contract Conditions.** The following provisions are considered mandatory conditions of any contract award made by the MPHA pursuant to this IFB:

**4.1.1 Contract Form.** The MPHA will not execute a contract on the Contractor's form—contracts will only be executed on the MPHA form (please see Sample Contract, Attachment I, and by submitting a bid the Contractor agrees to do so (please note that the MPHA reserves the right to amend this form as the MPHA deems necessary). However, the MPHA will during the IFB process (*prior to the posted question deadline*) consider any contract clauses that the bidder wishes to include and submits in writing a request for the MPHA to do so; but the failure of the MPHA to include such clauses does not give the Contractor the right to refuse to execute the MPHA's contract form. It is the responsibility of each prospective bidder to notify the MPHA, in writing, prior to submitting a bid, of any contract clause that he/she is not willing to include in the final executed contract. The MPHA will consider and respond to such written correspondence, and if the prospective bidder is not willing to abide by the MPHA's response (decision), then that prospective bidder shall be deemed ineligible to submit a bid.

**4.1.1.1 Mandatory HUD Forms.** Please note that the MPHA has no legal right or ability to (and will not) at any time negotiate any clauses contained within ANY of the HUD forms included as a part of this IFB.

**4.1.2 Funding Restrictions.** MPHA reserves the right to reduce or eliminate portions of work in whatever amount necessary or terminate the contract without prejudice or liability to the MPHA, if:

Any purported assignment of interest or delegation of duty, without the prior written consent of the Buyer, shall be void and may result in the cancellation of the contract with the MPHA, or may result in the full or partial forfeiture of funds paid to the Contractor as a result of the proposed contract; either as determined by the Buyer.
- 4.2 **Contract Period.** The executed contract will initially be in place for the period of time that it takes the Contractor to complete the work (though some stated provisions will extend through the noted warranty period).
