

Lubbock Housing Authority

RFP 2018-10-1: Addendum 2

Questions

Does LHA anticipate contracting for relocation assistance services?

Section 2.2 of the RFP reads as follows, “*The LHA also expects for the developer partner(s) to assist in the formulation of a viable relocation plan for public housing residents, if appropriate.*”

We do not know at this time if, or to what extent, relocation will be necessary. Decisions on engaging a relocation services vendor will be determined at a later date.
