

**ADDENDUM NO. 2**  
**September 16, 2020**

**Parkway Place Broadband**  
**Submitted question**  
**Bid #1531**

1. The emphasis now appears to be on the cost of the service to LMHA for the initial 2 years; is LMHA no longer requiring bidders to provide potential pricing to residents in years 3 - 5? Do you want pricing for 2 years only?

**Correct LMHA is only requesting pricing for the first two (2) years, please reread Addendum 1 for the differences between this RFP and the previous one. While LMHA is not requesting a committed price per household after the initial two years, we expect the winning ISP would offer competitive pricing at that point in order to retain Parkway Place residents as customers. Otherwise the residents will seek out other alternatives on their own.**

**This Addendum must be acknowledged and submitted with your proposal.**
