

ADDENDUM '03'

The Proposal Drawings and Specifications, dated (01/26/2017) for:

Project Name Collingwood Green Phase 3
Toledo, Ohio

Addendum Date: February 23, 2017

NOTICE TO CONTRACTORS:

- A. This Addendum shall be considered part of the Contract Documents for the above mentioned project as though it had been issued at the same time and shall be incorporated integrally therewith. Where provisions of the following supplementary data differ from those of the original Contract Documents, this Addendum shall govern and take precedence.
- B. This Addendum is complimentary to and refers to revised drawings issued herewith this document, or provides general narrative for revisions to drawings not necessarily issued with this document.

General:

- 1. The bid due date shall be extended to Thursday, March 9, 2017 at 11:00 am EST with the RFI deadline also being extended to Wednesday, March 1, 2017 at 12:00 pm EST
- 2. Current wage rates are attached for your use.

Structural:

- 3. General: 42" depth for all turned down slabs edges.
- 4. S101B: Demising wall footing to be type F3 per details J/S201 and M/S201.

Architectural:

- 1. Sheet A003: revise floor / ceiling assembly F2 to include (2) layers of GWB.
- 2. Sheets A301, A303-308 – Unit Plans: Interior elevation bathroom references have been revised per the attached sketches.
- 3. Sheet A401 – elevation N: vanity to have only one sink and faucet.
- 4. Sheets A801 and A802 – Reflected Ceiling Plans: have been revised and are attached.

Specifications:

- 1. General: HUD forms 2328 and 5372 will be required to be provided by the General Contractor selected to complete the work for Collingwood Green Phase 3. The 5372 is to be an estimated completion schedule.
- 2. Section 07 6113: Sno-Gem is an acceptable manufacturer for products that meet the specification requirements.
- 3. Section 08 5313 – Vinyl Windows:
 - a. Anderson Silverline is an acceptable product for models that meet the requirements of the specifications.
 - b. 1.3.C: Only dwelling unit windows are required to meet the 5 pound of pressure requirement, which is to be met by utilization a product similar to the Windowease product specified in 2.5.F.
 - c. 2.3.I: Windows to be white as per the specifications.
- 4. Section 09 2900: Certainteed Gypsum products is an acceptable manufacturer of equal products.
- 5. Section 12 3530; basis of design, Advanta Vista Birch – Premier series

Contractor Question Responses:

- Q. 1 In spec. section 012300 pertaining to Alternate 3. It appears there may be some information missing as the lettering goes from letter i to letter b. Please advise. *Deduct Alternate No. 3 includes 5 items, 'a' (mini-blinds) through 'e'; items 'b-e' are identified on page 2 of section 01 2300.*
- Q. 2 Are there going to be enlarged unit ceiling drawings that match the enlarged unit wall plans? Currently most do not match and ceilings plans are labeled units while wall plans are labeled types. Also the floor plans are not labeled by type or unit. Drawings: A101A thru A102H A301 thru A308, A801 and A802. *Correct ceiling plans are attached.*
- Q. 3 The elevations show fencing between units as railing. Which is correct? *Front yard separation between units is an aluminum fence, 42" in height, and rear yard is vinyl fencing.*
- Q. 4 Site Right of Way Sheet (9/28) has the following notes for the 24" combined sewer:
"102' ~ COMB. SEWER LINING"
"76' ~ COMB. SEWER LINING"
"141' ~ COMB. SEWER LINING"
Is this existing sewer lining, or new work that is part of the bid package scope of work? If part of the bid scope of work, please provide detail of the requirements. *Sewer lining shown on Site Right of Way sheet 9/28 is not part of this project, please remove these references*
- Q. 5 Drawing A100B – the floor plan layout for this building is correct per the site plan, but foundation plan S101B is laid out a different way. Please provide correct foundation plan for Building B. *Foundation / structural plans are mirrored and will corrected for construction.*
- Q. 6 Drawing A201B – the brick and stone colors for the exterior need to be looked at again. Some of the colors change at the outside corner. You would have brick or stone cut on an angle at the outside corner and two different colors. Please verify.
- Q. 7 Will the job follow the density specification on the asphalt items or can it be waived? *Project will follow density specifications on the asphalt items*
- Q. 8 Does this project require gypsum cement underlayment? *No*
- Q. 9 Is there any interior or building signage? *Addresses at front and rear entries as per the proposal documents.*
- Q. 10 Does this project require a flagpole? *No*
- Q. 11 Does this project require a third party financial audit upon completion? *Yes*
- Q. 12 Is this project subject to HUD Safe harbor requirements? *Yes*
- Q. 13 Is this project subject to HUD third party cost review? *Yes*
- Q. 14 When will the contract to the GC be awarded? *Approximately one month after proposals / bids are received a contractor will be selected.*
- Q. 15 Does this project require completion of a HUD 5372 schedule? *Yes and a HUD 2328.*
- Q. 16 The plans are labeled as "Proposal Set". Is there a Bid ready or Construction ready version of the plans? *This is correct – this is a General Contractor Proposal set.*
- Q. 17 There is no Engineer's seal on the structural drawings. Is there an Engineer of Record for this project? *The proposal documents are not sealed. All drawings other than the civil drawings will be sealed by Berardi +.*
- Q. 18 The structural drawings do not provide any detail sheets for the floor framing and only reference the architectural details. Are the structural drawings complete and are there applicable structural details? *The structural drawings are complete.*
- Q. 19 Structural sheet S203, note 3, under Prefabricated Floor Joists states; Design of joists is to be by a registered professional engineer, state in question, experienced in similar design, retained by the manufacturer. Boise does not provide these engineering services. The design and oversight of the

project is the responsibility of the Engineer of Record. *The General Contractor will be responsible for the design of any engineered structural members, such as floor and roof trusses.*

- Q. 20 The Architectural sections reference a one hour fire requirement using 1 layer of 5/8” type X GWB on resilient channels. I-joists in the series specified require a 2 layer GWB system to meet the 1 hour fire rating system. This requirement should be reviewed and addressed prior to quoting and construction. *Revise Floor assembly F2 to two layers of GWB.*
- Q. 21 Will the building models be made available in Revit or similar for shop drawing coordination? *AutoCAD files will be provided for contractors use in preparing shop drawings; files will be for general reference only and not provided for construction.*
- Q. 22 What type of construction should the cabinets be? Plywood or particle board? *Cabinet construction to meet requirements of specification section 12 3530; basis of design, Advanta Vista Birch - Premier series*
- Q. 23 Specs make reference to “common areas” but there do not appear to be any. Window treatments for example. Please advise. *Disregard reference to common areas.*
- Q. 24 Are there requirements that the GC will have to provide related to site security (i.e. overnight security, site fencing, etc.)? If so, what are they? *LMHA will not be providing site security for Phase 3. The GC will be responsible for the site security of the phase 3 project site per specification section 01 500.*
- Q. 25 What is the permit status? *The permit plan review has not yet been submitted.*
- Q. 26 Who is responsible from the owner side to review certified payroll reports? *To be determined.*
- Q. 27 Who is responsible to submit all LEED information to USGBC? *Owner will have 3rd party LEED Rater; GC will be responsible for providing all GC related requirements to the LEED Rater.*
- Q. 28 Is all lumber to be FSC certified? *Not required; only the LEED for Homes prerequisite is required to be met for FSC - Certified Tropical Wood – provide notice to suppliers and if tropical wood is used, it is required to be FSC.*
- Q. 29 Who is responsible for blower door testing costs? *The owner will contract the LEED Rater; the GC will coordinate all testing.*
- Q. 30 Is fire suppression required on this project? There is a spec but no information on drawings. *Fire suppression is not required.*
- Q. 31 Will there be post bid interviews with the low bidder? *To be determined.*
- Q. 32 It appears walls must be panelized per the LEED checklist. Please confirm. *Panelization is not required.*
- Q. 33 Who is responsible for necessary construction testing costs? *Owner*
- Q. 34 There are existing catch basins casting on Belmont that were in a prior phase that are now damaged. Is this contractor to repair? *Not to be included as part of this proposal cost estimate.*
- Q. 35 Is the GC responsible for repair stoops or other concrete or curbing that has been damaged since the last phase? These would be areas that Phase III is tying into. *Not to be included as part of this proposal cost estimate.*
- Q. 36 Will the right of way work be awarded separately from the non-right of way of work? *No – all work will be part of one award to a single General Contractor.*
- Q. 37 It appears a 2 year maintenance bond is required in addition to the P&P bond. Please confirm. *Correct – for all work within the public R.O.W.*
- Q. 38 Drawings show all windows as tempered glass, but the specs do not reference this. Please advise. *All glazing to be tempered per proposal documents.*
- Q. 39 There is a bio-swale and detention basin shown on L1.05 but there is no grading shown in the civil plans for that area. Is this area to be cut/graded as part of the project? *The bio-swale and detention basin shown on sheet L1.05 has already been cut/graded.*

- Q. 40 On sheet S101A thru S101H Foundation plans, note #3 indicates 4" slab with a turn down edge 12" deep. The note says reference detail E/S201 & F/S201 those details indicate that the turn down depth to be 3'-8" for detail F/S201 and 3'-2" for detail E/S201. Please clarify the proper depth for turn down slab. *42" depth for all turned down slabs edges.*
- Q. 41 On Sheet S101B the thickened slab does not have the type of foundation called out typ. Of other sheets the thickened slab is type- F3. Is this the case on this sheet as well please clarify. *Correct, type F3 per details J/S201 and M/S201.*
- Q. 42 Building B foundation plan and floor plans don't match it appears that the image has been flipped, reference sheets S101B & A101B. *Foundation / structural plans are mirrored and will corrected for construction.*
- Q. 43 Reference sheets A304, A305, A401 floor plans to 2nd floor bathrooms seem to be oriented in the wrong direction in relation to the Interior Elevations and Details, please clarify. *Interior elevation references have been revised per attached sketches.*
- Q. 44 Drawing A100E and S101E – the building does not match the foundation layout. The elevation on drawing A100E does not match the floor elevation layout, example foundation show floor elevation to step up going left to right and the elevation plan show foundation stepping down left to right. *Structural drawings mirrored incorrectly and will be adjusted for construction.*
- Q. 45 On the "Representations, Certifications, and Other Statements of Bidders" it has an item that a "fully executed "non-collusive Affidavit" is or is not included with the bid". This form is not in the proposal docs – Form 00 43 46 – It's in the Table of Contents, but not in the bound specs. *Form has been attached.*

ADD03

1. ALL BIDDERS SHALL VISIT THE SITE AND BECOME FAMILIAR WITH THE EXISTING CONDITIONS AND REQUIREMENTS OF THE PROJECT AND SHALL NOTIFY THE ARCHITECT OF ANY ERRORS AND OMISSIONS SUBSEQUENTLY DISCOVERED IN THE CONTRACT DOCUMENTS.
2. THE CONTRACT DOCUMENTS ARE COMPREHENSIVE OF THE DRAWINGS AND THE DOCUMENTS IS DEPENDENT UPON AND COMPLEMENTARY OF EACH OTHER. SEPARATION OF THE CONTRACT DOCUMENTS SHALL NOT BE PERMITTED. IF THE CONTRACTOR GOES TO SEPARATE THE DOCUMENTS, THEY DO SO AT THEIR OWN RISK AND EXPENSE.
3. ADDITIONALLY, SEE GENERAL INFORMATION ON A02 SHEETS.
4. THE CLIENT ACKNOWLEDGES THE CONSULTANT'S (ARCHITECT) DRAWINGS AND SPECIFICATION INCLUDING ALL DOCUMENTS ON ELECTRONIC MEDIA AS INSTRUMENTS OF THE CONSULTANT'S (ARCHITECT) PROFESSIONAL SERVICE. THE CLIENT SHALL NOT REUSE OR MAKE OR PERMIT TO BE MADE ANY MODIFICATION TO THE DRAWINGS AND SPECIFICATIONS WITHOUT THE PRIOR WRITTEN AUTHORIZATION OF THE CONSULTANT (ARCHITECT). THE CLIENT AGREES TO WAIVE ANY CLAIM AGAINST THE CONSULTANT (ARCHITECT) ARISING FROM ANY UNAUTHORIZED TRANSFER, REUSE OR MODIFICATION OF THE DRAWINGS AND SPECIFICATIONS.
5. ARCHITECT CANNOT WARRANT THE ACCURACY OF DATA CONTAINED HEREIN. ANY USE OR REUSE OF ORIGINAL OR ALTERED CAD/DWG DESIGN MATERIALS BY THE USER OR OTHER PARTIES WITHOUT THE REVIEW AND WRITTEN APPROVAL OF THE ARCHITECT SHALL BE AT THE SOLE RISK OF THE USER. FURTHERMORE, USER AGREES TO DEFEND, HOLD HARMLESS AND HOLD ARCHITECT HARMLESS FROM ALL CLAIMS, INJURIES, DAMAGES, LOSSES, EXPENSES AND ATTORNEY'S FEES ARISING OUT OF THE MODIFICATION OR REUSE OF THESE MATERIALS.
6. THESE DRAWINGS AS PART OF THE CONTRACT DOCUMENTS ARE PHARMACUTIC AND ARE NOT INTENDED TO DEFINE EXACT QUANTITIES, LOCATIONS OR COORDINATE REQUIREMENTS. THE DRAWINGS SHALL NOT BE SCALED EXACT STATE AND LOCAL CODE REQUIREMENTS AND OTHER APPLICABLE CODE REQUIREMENTS SHALL BE IDENTIFIED AND ARE THE SOLE RESPONSIBILITY OF THE CONTRACTOR. ANY MODIFICATION PRIOR TO PRELIMINARY CONTACT WITH ANY OF THESE CODES OR ANY DISCREPANCIES FOUND IN THE CONTRACT DOCUMENTS SHALL BE BROUGHT TO THE ATTENTION OF THE PROJECT ARCHITECT.

Note: Under Executive Order (EO) 13658, an hourly minimum wage of \$10.20 for calendar year 2017 applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least \$10.20 (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in calendar year 2017. The EO minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

=====
Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses

(29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date

for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

=====

END OF GENERAL DECISION
