METROPOLITAN DEVELOPMENT AND HOUSING AGENCY

1. What is the square footage on the first floor?

Please contact Mr. Carter (615-252-3713 ext. 2113) to schedule a visit to measure and visit all floors.

2. About how many coats of wax are on the floors and about how long ago where they last strip / wax?

Please look at the scope of work on page 10 in the bid package for the number of coats needed for the floors. The outcome should be a nice shine, depending on the type of wax used 4-6 coats will give a great outcome.

The last strip and wax was in September 2020
