

QSP#21-003
Addendum 1: Questions and Answers

Question:

It is allowable to substitute the Door King system with another manufacturer if it meets the same functionality? If so, is there a specific way you would like to have substitution submitted for approval?

Proposed substitution is Brivo Access Control which will take care of door access and then integration to Axis 2N for Telephone Entry.

Answer:

If quoting items that are “equal” to items requested by CHA, please enter the corresponding specification for the proposed products. **Please also attach manufacturer’s specification sheets for each “Equal” item being proposed.** CHA will review and analyze this information to make its decision as to if each item is, as detailed within Section 9.3.B.3 of HUD Procurement Handbook 7460.8 REV 2, a true equal product to that the CHA has specified.
